## LONDON GIVES TALK TONIGHT

(Governor Landon's St. Louis address tonight will be heard over KFI and KHJ at 7:30 o'clock.)

**BOARD LONDON CAMPAIGN**  
TRAIN, EN ROUTE ST. LOUIS, Oct. 31.—(UP)—The Republican presidential campaign sped to a final attack on the New Deal in the Midwest today with Gov. Alf M. Landon aiming his concluding broadcast from the west bank of the Mississippi.

At St. Louis tonight, in his last major address, the Republican presidential nominee will emphasize the high points of his campaign, review his charges that "ex-

travagance" of the Roosevelt administration must be paid for out of the "household budgets" of American voters, and then place his own party's pledges before the electorate.

There will be, as the Kansas governor speaks, a particular interest among members of his party in the address of President Roosevelt at New York City, where Governor Landon Thursday night challenged the President to disclose tonight his views on seven major issues of the campaign.

**Speaks on Budget**  
Campaigning yesterday through West Virginia, Governor Landon told crowds at Charleston and Huntington that the New Deal had failed to disclose to the voters what it was trying to sell them. He appealed to the people, particularly women who must watch the family budget, to turn the nation "back on the course" of economical and constitutional government.

"Do you," the nominee asked a crowd of 2500 jammed into the Charleston auditorium, "feel that you got your money's worth out of the New Deal?"  
The crowd roared: "No."

## PLAN FLOODLIGHTS FOR BOULDER DAM

LOS ANGELES, Oct. 31.—(UP)—Giant floodlights illuminating Boulder Dam and surrounding buildings will soon make it possible for night passengers on cross-country flights to view the giant engineering project, it was announced today by Western Air Express and United Air Lines.  
Acting Commissioner John C. Page notified the air lines that the federal bureau of reclamation has decided to install the lighting system to completely illuminate the face of the dam, power house, canyon walls and valve outlet housings.

## 65,000 Tax Bills Mailed Out By Lamb

### CITIZENS TO PAY COUNTY \$4,527,699

First Installment Will Become Due on Nov. 2; S. A. Rate \$4.35

COUNTY Tax Collector John C. Lamb today mailed 65,000 tax bills "on time," as the first step in collection of the 1936-37 tax bill amounting to \$4,527,699.50, which is more than a quarter-million lower than the 1935-36 tax.

**Rate Reduced**  
The lowest county tax rate in the county's history, 62 cents inside of cities and 64 cents outside, a reduction from 69 and 73 cents last year, was responsible for the reduction of \$262,599.79 in the county tax total, as compared to last year's \$4,790,299.29.

The first installment of the tax becomes due and payable November 2, and delinquent at 5 p. m. December 5; the second installment due, technically, January 1, and delinquent April 20, 1937.  
Collector Lamb pointed out today that the mailing will be completed by the date the bills are due, in accordance with the usual custom of his office, although the law does not require pre-mailing of tax bills.

**Tax Rates Vary**  
The bills going to various sections of the county may show a variance up or down in their totals, Lamb pointed out, but that is because of local city or school taxes, as the county tax rate is reduced this year.

In Santa Ana, for example, he pointed out that the total combined rates are \$4.35 as compared to \$4.23 last year, although the county and city tax rates both are lower. The Santa Ana school tax rate is up four cents, but the principal cause of the increase is the jump of the Metropolitan Water district rate from 20 cents to 37 cents, almost doubling. That, he said, represents the price of an additional water supply.

However, the net rate increase in Santa Ana tax bills is only two cents in most of the city, as the Santa Ana boulevard assessment district, which takes in nearly all of the city, has a tax rate five cents lower than last year, being cut from 30 to 25 cents.

## SAYS NEW DEAL IDEAS VETOED

DENVER, Colo., Oct. 31.—(UP)—Former President Herbert Hoover in a speech here last night, said he rejected while president many of the recovery ideas which became part of New Deal philosophy because "they would defeat recovery and in the end shackle free men."

**Roosevelt Promises**  
He told an audience estimated at 3600 persons that the president's promises made four years ago "turned out not to mean what they were thought to have meant."

"In order that we may be sure this time, will Mr. Roosevelt reply to me?"

HOLLYWOOD, Oct. 31.—(UP)—Tonight on the tenth anniversary of Harry Houdini's death, his widow will make what she says will be her final attempt to "contact" the late magician through the medium of spiritualism.  
On the plush-carpeted roof of a Hollywood hotel, frail white-haired Beatrice Houdini will sit inside a circle of several of the country's best known mediums and endeavor to communicate with her husband in accordance with their compact made shortly before his death in Detroit on Halloween night in 1926.

## CROWD SEIZES S.A. COMMUNIST

SCHEDULED to speak last night over a radio station in San Bernardino, Charles McLaughlin, Santa Ana, Communist candidate for Congress from the 19th district, was seized by a crowd of approximately 40 men and escorted from the city. McLaughlin and his companion, H. W. Jacobsen, of Riverside, were seized as they approached the doors of the San Bernardino station.

According to information received today from San Bernardino, Jacobsen, later returned to the San Bernardino police station and identified John Schaub, city humane officer, as a member of the crowd that had prevented McLaughlin's scheduled talk.

**No Violence Used**  
No violence was used in preventing McLaughlin's scheduled talk, it was said, but the Communist was warned against appearing in San Bernardino today for a second address.

Later, Jacobsen and four companions, Dewey LaBrooke, Robert Cooper, M. O. Phetteplace and E. H. Flower, appeared at the sheriff's office and protested what they termed "vigilante" action to Under Sheriff James R. Stocker.  
**Police Sent to Station**  
Desk Sergeant S. H. Hutchins, of the San Bernardino police, said that patrolmen had been sent to the radio station when he was notified of possible trouble but that they had arrived after McLaughlin had been escorted away.

Jacobsen told Under Sheriff Stocker that he and McLaughlin arrived in San Bernardino shortly after 7 p. m. and drove past the radio station, where they noticed that a large crowd had assembled. McLaughlin, according to Jacobsen, went to a drug store and telephoned to the radio station asking that someone else read his speech in the event he was prevented from arriving on time. He was

## FATHER, SON DIE IN MALIBU LAKE

LOS ANGELES, Oct. 31.—(UP)—Hugh Buckler, 64, British character actor, and his son, John, also an actor, were found drowned today in their automobile in Malibu lake. The motor car apparently plunged off the highway in a rainstorm last night.

Residents saw a wheel protruding above the water this morning and called deputy sheriffs, who recovered the bodies. The machine had overturned and sunk in six feet of water. The Bucklers were trapped inside.

Friends said the pair left Hollywood last night for the elder Buckler's home near the lake.

## DR. TOWNSEND TO SPEAK TOMORROW

## FAIR HEARING FOR PENSION IS PROMISED

Margett's Interview With Governor Landon Quoted By Townsend Office

CHICAGO, Oct. 31.—(UP)—Townsend national recovery headquarters announced Gov. Alf M. Landon has promised to give the Townsend old age pension plan a "fair and impartial hearing" if elected president.

Townsend headquarters said Landon's promise was given in an interview with Edward J. Margett, California state director.

**Impartial Hearing**  
Margett quoted Landon as saying: "If I am elected, I will use my best efforts and will see that the Townsend plan does receive a fair and impartial hearing."

The complete Landon statement, as quoted by Townsend headquarters, was:  
"If I am elected president of the United States, I certainly would respect the petition of the people. It need not be a petition of 10 million or even 10 thousand.

"The people of these United States have a right guaranteed by the Constitution to a hearing and I would respect that right. If I am elected, I will use my best efforts and will see that the Townsend plan does receive a fair and impartial hearing."

**Belongs To People**  
"The White House does not belong to the president of the United States. The White House belongs to the people. Dr. Townsend certainly would be made most welcome by me. The Townsend people are entitled to the things you are asking for them. There should be no question about them.

"You may be assured that if I am elected president of the United States, the Townsend people will receive a full and fair hearing on the Townsend plan."

## REPORT CONFIRMED BY LONDON STAFF

ST. LOUIS, Oct. 31.—(UP)—Members of Gov. Alf M. Landon's staff today confirmed a report made public by Townsend national recovery headquarters that the Republican nominee would give the Townsend old age pension plan a "fair and impartial hearing" in the event he is elected president.

## WEDS HERE

Lita Grey Chaplin, whose marriage to Los Angeles actor here September 21 was revealed today.

## LITA CHAPLIN WEDDING TOLD

THE MARRIAGE of Lita Grey Chaplin, divorced wife of the movie comedian, Charles Chaplin, in Santa Ana more than a month ago came to light today.

Mrs. Chaplin wed Henry Aguirre Jr., 26-year-old actor, of Los Angeles, the ceremony being performed on September 21 by Justice K. E. Morrison.

At that time the identity of the bride was not recognized. She obtained the marriage license under the name of Lillita Louise Chaplin. She is 28.

It was the second marriage for both bride and groom, both having been divorced.  
Aguirre, a native of Texas, gave his address as 2149 Duval street, Los Angeles; that of the bride being 143 South Alexandria street, Los Angeles.

## TWO INJURED BY QUAKES ON GUAM

WASHINGTON, Oct. 31.—(UP)—Two persons were injured and property damage was extensive in a series of severe earth shocks which have shaken the island of Guam almost continuously during the past 24 hours, the naval station at Guam reported to the navy department today.

Commander Benjamin V. McCandlish, commandant of the island radio station, advised the department there had been 67 distinct earth shocks since yesterday morning, and the tremors were continuing, but with diminishing intensity. He said the shocks were the worst experienced on the island since September 22, 1932.

## U. S. NAVY PLANS HONOLULU FLIGHT

HONOLULU, T. H., Oct. 31.—(UP)—Six navy officers and 25 enlisted men of the flying corps will leave Honolulu for San Diego Thursday to fly new planes from the mainland to Pearl Harbor, naval headquarters announced today.

## Cotton At High Mark For Year

WASHINGTON, Oct. 31.—(UP)—The bureau of agricultural economics today predicted world cotton production in the 1936-37 season will amount to about 29,109,000 bales, a new high record for world cotton production.

Last year's world crop amounted to 26,500,000 bales, the bureau said, while the previous record crop was in 1925-1927 when production amounted to 28,417,000.

The bureau said this year's American crop, estimated at 11,609,000, should amount to approximately 40 per cent of world production with a new record high foreign crop estimated at 17,509,000 accounting for the other 60 per cent of the world crop.

## AIRPORTS OF INSURGENTS ARE BOMBED

Nationalist Forces Take Town Following Air Attack Today

MADRID, Oct. 31.—(UP)—Rebel planes darted at Madrid repeatedly today but their raids were ineffective, owing to the fire of anti-aircraft guns. The enemy aircraft appeared over Madrid at 1:30 p. m., and again at 2:30, 3:30 and 5 o'clock.

Rebel bombers and pursuit planes machine-gunned a government anti-aircraft nest near the Puerto del Sol at 3:30 p. m.

**Stage Power Dive**  
The attack on the anti-aircraft nest came after the bombers staged a spectacular power dive over the city. No bombs were dropped on this raid, as the planes swiftly departed under anti-aircraft gunfire.

The populace ran for subway stations and dugouts when the sirens screamed four minutes before the planes appeared. Automobiles and trolley continued to move throughout the raids.

The fall of Torrejon de la Calzada to the rebels this afternoon, after an aerial bombardment lasting throughout the morning, was indicated by latest advices.

**146 Lose Lives**  
The aerial raids on the capital were resumed as local authorities, counting the casualties from the shower of bombs yesterday, accounted for a total of 146 deaths. These included 21 persons who died of injuries.

Loyalist fleets, it was announced, bombed the Nationalist airports at Talavera de la Reina, Salamanca and Seville in retaliation for yesterday's terrible bombardment of Madrid, and the Nationalists bombed Madrid, on the south coast, concentrating on the water front, hoping to hit foreign ships suspected of bringing arms.

## REBELS ORDERED TO FIRE ON ALL PLANES

SEVILLE, Oct. 31.—(UP)—The rebel high command today publicly ordered insurgent troops to fire on any plane crossing territory occupied by the rebels, declining all responsibility for the consequences.

The order was aimed at the French. It declared that it had evidence planes of the French Toulouse line flew over disputed territory in Spain with the object of provoking an incident between France and the rebel government at Burgos.

## CITY EMPLOYEES ASKED TO RESIGN

REDLANDS, Cal., Oct. 31.—(UP)—City employees of Redlands, asked to hand in written resignations before voters decide next Tuesday if a civil service initiative will become law, are about evenly divided on the advisability of complying with the request.

The city council voted to ask for the resignations to prevent a blanketing in of all employees if civil service is approved. About 75 of the 150 employees handed in the resignations.

Councilmen promised to tear up the resignations if the proposition is defeated. They said the move was to protect employees who might not want to have civil service on work they are now doing, and to permit outside applicants a chance to compete for city jobs.

## BURKE ACCUSED IN COMPLAINT

J. Frank Burke and Alvin B. Berry this afternoon posted \$100 cash bail when they appeared at the sheriff's office to give themselves up, after learning they were being sought on arrest warrants, charging they distributed unsigned political advertisements in an alleged effort to "injure and defeat"

Wm. C. Jerome, supervisor from the first district, in his campaign for re-election.  
**DESCRIBING J. F. Burke**, former Santa Ana publisher and now owner of a Los Angeles radio station, as "the sinister figure" behind the whole alleged political attack upon him, Supervisor William C. Jerome of the first district, today filed a complaint against Burke and Alvin B. Berry, editor of the Santa Ana Independent, in the Santa Ana justice court.

The complaint charged they violated Section 52-a of the California penal code in circulating printed matter "intended to injure and defeat" Jerome, candidate for re-election at Tuesday's election.

**Referred to Contract**  
The alleged offense was committed in the columns of this week's Independent, in a two-page "lay-out" which carried only the name, "Inquirers Citizens League" at the bottom of one page. Among other matters, the advertisements referred to a contract for furnishing Orange county with road oil repair material—a contract with a Huntington Beach refinery in which Don Jerome, the supervisor's son, is interested.

**"Political Attack"**  
Asked why the name of J. Frank Jerome was not included, the complaint stated:

## BABY MARATHON IN MUDDLED STATE

TORONTO, Oct. 31.—(UP)—Charles Vance Millar's 10-year \$750,000 baby derby came to a smashing finish today, in as muddled a state as that "sublime jester" could have wished.

With the winner almost impossible to pick, law suits pending, relatives contesting the Millar will in which he left his fortune to Toronto's most prolific mother, the Ontario government prepared to intervene in what Millar's friends call "the greatest practical joke" of that eccentric lawyer's career.

Six women with nine children each apparently were tied in their claims to the fortune with three expecting new babies momentarily.

## STRATEGY IS MAPPED BY UNION MEN

Workers Notify U. S. They Are Willing to Resume Negotiations

SAN FRANCISCO, Oct. 31.—(UP)—Pacific coast dock and maritime workers today notified the United States Department of Labor they are willing to resume negotiations with shipowners and employers in an effort to end the strike that has paralyzed shipping from Alaska to Southern California.

The offer was made in response from telegraphic requests from Secretary of Labor Frances Perkins that the disputants "get together."

**McGrady Seeks Peace**  
Edward J. McGrady, assistant secretary of labor and ace "trouble shooter" for the department in settlement of industrial disputes, resumed efforts to bring individual unions and shipowners into conference.

His efforts were inspired, he said, by a fear that the strike would spread to Atlantic coast and Gulf of Mexico ports and tie-up the nation's shipping.

Discussing ship owners reply to Secretary Perkins' request for settlement, McGrady said:  
**Speaks for Itself**  
"The wire speaks for itself. They wouldn't give us a direct reply."

The reply was lengthy and concluded, laconically:  
"The strike is on."  
The strike, whose effect has been felt as far inland as Spokane, Wash., where miller say their flour shipments to the Orient are in danger, was complicated locally by a strike of warehousemen.

Warehousemen tied up whole-

## SEES VICTORY NEXT TUESDAY

(President Roosevelt's address tonight will be heard over KHJ and KFI at 6:30 o'clock.)

NEW YORK, Oct. 31.—(UP)—President Roosevelt predicted today to hundreds of cheering workers from Democratic National committee headquarters that he would be re-elected Tuesday by majorities which would grow bigger "the more people listen to both sides and read both sides."

Mr. Roosevelt said he based his confidence on a belief that citizens are taking an intelligent interest in the campaign and are reading the messages of both parties.

The campaign workers gathered on the 19th floor of the Biltmore hotel gave a clattering welcome of applause to the President, Mrs. Roosevelt and National Committee Chairman James A. Farley.

The president paid tribute to "Jim," whom he said "has been taking it on the chin for years with a smile."

**Speaks Tonight**  
The president's appearance at the Democratic headquarters rally was his first of the day. Tonight he will address a mass rally at Madison Square Garden. It was believed he would sum up again New Deal achievements, lash out at the Republican leadership and once more take to task those employers charged with attempting to coerce the vote of their help with "pay envelope propaganda."

Standing on the stage where four years ago Alfred E. Smith pleaded for his election, he termed the Social Security act "a new Magna Charta for those who work," blasted its foes as "sinister forces" and pledged himself to carry forward his administration policies.

## Missouri Youth Claims Fortune

HOLLYWOOD, Oct. 31.—(UP)—Robert Cummings, Missouri youth who palmed himself off on the stage as an Englishman, and later broke into the movies with a phonetic Texas accent, startled Hollywood again today with the announcement that a gold strike had him heir to \$1,600,000.

Gold stock found in a trunk when his father died, and believed worthless, suddenly became worth the fortune because of a rich strike in a Goldfield, Nev., gold mine, Cummings said.

## FAVORED FOLKS ON WPA GIVEN 'DOUBLE RIDE'

By GEORGE E. HART

Sensational disclosure that Orange county WPA is giving preferred administrative jobs to men and women who actually are holding private jobs or have private business, at the same time, today attracted the serious attention of a public aroused by recent revelations of abuses in the local relief setup.

The disclosure, coming as the climax to a series of amusing discoveries regarding the way WPA jobs are manufactured and distributed for political results, at public expense, was expected to hasten the rumored shakeup in control of the relief organization.

Rumblings have been heard for some time that, with the election out of the way, the WPA in California would be reorganized, and that this would extend to the Orange county organization.

It was realized today that the situation at WPA was approaching the proportions of open scandal, with top WPA jobs doled out to those already having private jobs or business, and having no excuse for even the bookkeeping type of WPA job deliberately provided for them.

These persons on double payroll, it was said, are merely figure-heads with WPA, having virtually no actual work to do, but nevertheless drawing top pay.

Five examples of this abuse were definitely known, with numerous others believed to be on the "double ride."

These five were:

1—A woman employed in a certain county department in the courthouse annex has been drawing WPA salary as timekeeper on a project she never sees. It has been the practice of the project foreman to bring her the time sheet each two weeks, this requiring a half-hour of work in making out the payroll. The lowest WPA timekeeper pay is \$84 per month.

2—A certain man, employed at night as fumigator with a Tustin firm of fumigators, has been getting his rest during the day on a WPA survey of the farmers, to learn what they made and how much they spent last year, if any.

3—Another man, employed by a certain Santa Ana roofing company, has been WPA auditor on a recreational project, at \$84 per month.

4—A waitress at a certain Santa Ana cafe also has been employed by WPA to call at the Santa Ana city hall daily and gather building statistics to be forwarded to Washington, which is deeply interested in Santa Ana building statistics.

5—A North Main street (Santa Ana) photographer, also has had a WPA job as "artist" on an excavating project near Costa Mesa, where ancient bones have been excavated. This project carried provision for an artist, but not a photographer, so this man became an artist—with his camera, at \$110 per month from WPA, being required to take an average of six photo-

## Wreck on Railway Beset by Strike Kills Two

Two men were killed and two were injured in this wreck when the engine and the cars at the head end of a Louisiana and Arkansas Railway train overturned after running through an open switch near Winnfield, La. The railway, beset by a trainmen's strike, was operating trains with outside crews. A student engineer on the locomotive said he saw a man throw the switch when the train was about 400 yards away. Officials of the line said the switch lock had been broken.

## SAYS NEW DEAL IDEAS VETOED TWO ARRESTED SEEK TO END COAST STRIKE CHARGE FRIDAY

(Continued From Page 1)

In plain words: "Does he propose to revive the nine acts which the supreme court has rejected as invasions of the safeguards of free men?" "Has he abandoned his implied determination to change the constitution? Does he intend to stuff the court itself?"

**Attack on Freedom**  
The New Deal, the former president said, is an attack on freedom. During his four years in office, Hoover said, powerful groups "thundered at the White House" with the same ideas that since have been adopted by the New Deal.

"I rejected the notion of great trusts and monopolies and price fixing through codes. That could only stifle the little business man by regimenting him under his big brother. That idea was born of certain American big business and grew up in the NRA."

"I rejected the schemes of 'economic planning' to regiment and coerce the farmer. That was born of a Roman despot 1400 years ago and grew up in the AAA."

**Karl Marx Ideas**  
"I refused national plans to put the government into business in competition with its citizens. That was born of Karl Marx."

"I vetoed the idea of recovery through stupendous spending to prime the pump. That was born of a British professor."

"I threw out attempts to centralize relief in Washington for political and social experimentation. I stopped attempts at currency inflation and repudiation of government obligations. That was robbery of insurance policy holders, savings bank depositors and wage earners. That was born of the early brain trusters."

5—A North Main street (Santa Ana) photographer, also has had a WPA job as "artist" on an excavating project near Costa Mesa, where ancient bones have been excavated. This project carried provision for an artist, but not a photographer, so this man became an artist—with his camera, at \$110 per month from WPA, being required to take an average of six photo-

The "hottest" fictitious check case which ever came to the attention of Anaheim police yesterday brought the arrest of K. M. Jackson, alias O. G. Smith, 36, of Long Beach, and Portland, Ore., and of his wife, Mrs. Pearl Jackson, 23, caught with a complete outfit for making bogus checks when their car stalled on an Anaheim thoroughfare, according to Anaheim officers.

Jackson is held at Anaheim jail on suspicion of committing a felony, and Mrs. Jackson is held at county jail on a charge of issuing a fictitious check. According to police, Jackson, allegedly served time at McNeil island after conviction on a Mann act complaint in Washington, on a fictitious check conviction, and in other institutions. Investigation of his recent activities is being carried on today.

Assertedly using the name of O. G. Smith, Jackson with his wife, walked into the store of an Anaheim merchant yesterday, purchased a small quantity of goods and received change from the check, made out for \$26.19.

Checking on address given by Jackson, the merchant found it fictitious; he walked to the police station to report and as he did so, noticed the Jacksons standing by their car with a mechanic who was trying to start the engine. Police rushed to the spot before the Jacksons could leave, and made the arrests, reports show.

In the east, five criminals were sentenced to the chair for one killing. By now, the underworld's theme song should be, "O'! Shock-in' Chair's Got Me Down."

### Local Briefs

Robert Morrison, 44, of Los Angeles, and Elizabeth M. Wye, 35, Laguna Beach filed notices of intention to wed in Los Angeles today.

## BURKE ACCUSED IN COMPLAINT

(Continued From Page 1)

Burke was also placed on the complaint, with Berry's, Supervisor Jerome declared: "Because he's the sinister figure behind this whole political attack upon me. It is the same battle which has been carried on for several years past, while I have been in office. This time, he has over-stepped his mark."

The complaint, upon which arrest warrants are being served "in the ordinary routine course of our work," according to Sheriff Logan Jackobsen, alleges as follows:

**Claim Defeat Intended**  
"J. Frank Burke and Alvin B. Berry, wilfully, intentionally did print and distribute or cause to be written, printed and distributed, a certain circular or pamphlet designated as 'The Santa Ana Independent,' containing certain printed matter designed and intended to injure and defeat a certain candidate for election to a public office, to-wit: William C. Jerome, who was then and there a candidate for re-election to the office of supervisor of the first supervisorial district of Orange county, California, by reflecting upon his personal character and placed thereon in a conspicuous place, or at all, either the name of any officer or officers of any political or other organization issuing the same, or without having thereon the name and residence and street and number of any voter of the State of California responsible therefor."

**Misdemeanor Charged**  
Section 62-A of the penal code, violation of which is a misdemeanor or providing upon conviction for a maximum jail term of six months, a \$500 fine, or both, declares: "Every person who intentionally writes, prints, posts, or distributes or causes to be written, printed, posted, or distributed, any circular, pamphlet, letter or poster, which is designed or intended to injure or defeat any candidate for nomination or election to any public office by reflecting upon his personal character, or political action, unless there appears upon such circular, pamphlet, letter or poster, in a conspicuous place, either the name of the chairman and secretary or the names of two officers at least, of the political or other organization issuing the same, or the name and residence, with the street and number thereof, if any, of some voter of this state, and responsible therefor, shall be guilty of a misdemeanor."

**J. FRANK BURKE MAKES STATEMENT**  
Contacted late today J. Frank Burke made the following statement over his signature:

**Burke Statement**  
"This action by Mr. Jerome evidences not only an extremely desperate condition in his own political career but I am confident that he can not by this attempt to throw dust in the air deceive the voters of Santa Ana."

"I have not until today seen the publisher of the Santa Ana Independent. I have no financial or other interest in the paper other than one who is interested in newspapers publishing the facts. I was gone for several weeks to Washington and New York and actually did not know of the publication of these questions that were submitted to Mr. Jerome through the columns of the Independent."

"A friend showed them to me when I returned. I would like to state my impression of them. This is a fine time to do it. In the first place, I was amazed that the enquirer knows the political history and the facts concerning Mr. Jerome, as these questions are completely indicated. While I did not write them, didn't know they were written, I would have been delighted to have done so."

"I would have considered it an honor to have my name attached to them and want to assure Mr. Jerome now that it is the truth of these facts behind these questions that is driving him to this desperate recourse of falsely accusing me. I say this not because of the character of the questions, but he knows that I know that every one of these questions is based on truth and he knows that I wouldn't be afraid to sign them if I had written them and had had time to pay attention to this campaign. He knows that I am familiar with all the facts and he knows if I had been in this campaign, I would have been willing to sign such statements."

"Another matter to which I would like to call attention at this time and it is very german to this that the political ring that has been in control in Orange county and particularly the board of supervisors has used as their weapon of defense an attack upon any man or men who dared bring out the truth as it has been brought out in this Inquirer's league. They have poured abuse against any who have dared speak out against their machine politics, until they had many people cowed in the city. It was one of the greatest compliments in my judgment, I have ever received when the head of one of the banks in this city said that my work in Santa Ana had given a degree of independence and freedom to the citizens that they greatly needed."

"I wish I knew who the members of this Inquirer's league are. I would like to thank them for their work and I would like to apologize to them, because when I thought that when I gave up my editorship there would be no one to continue to fight the battles of the average man. I find that I was mistaken. I will reply more at length and in the meantime I know the citizens will see that this is a mere effort to save a politician's neck when he knows he deserves it and sees it coming. J. F. BURKE."

## CAMPAIGN MAIL FLOODING P. O.

## CROWD SEIZES S.A. COMMUNIST

(Continued From Page 1)

The Santa Ana post office force is getting a good "warm-up" for the Christmas rush, in handling the present campaign literature. Postmaster Frank Harwood made known today, in announcing that 48,000 pieces of mail were handled in the office yesterday.

The mails have been been glutted with campaign matter for days, with the condition becoming more congested as election day nears. Harwood said, Auxiliary help has been pressed into force to see that the mail is all handled.

"We will have every piece of it delivered Monday," said Harwood. "Nobody's political mail is going to get held up in this office."

The worst of it is, Harwood thinks, that all the heavy work falls to add a penny to the receipts of the office. It is third class mail and the receiving office gets nothing out of it, except the heavy work.

### BEAN CLEANING UNDERWAY

**SMELTZER, Oct. 31**—Shipments of lima beans from the Smeltzer Lima Bean association warehouse have been quite regular since the cleaning season began, and to date 28,000 sacks of the beans have been shipped. The majority of the shipments were to a distance and were made by water. The clearing of the crop is well underway and is being carried on without lay-offs by a full crew.

informed that this would be impossible. Then McLaughlin called the police station and asked for police protection, which was promised him.

Jacobson said that when they reached the radio station they were accosted by members of the crowd who declared "you are no going to broadcast in San Bernardino." Both he and McLaughlin were seized and placed in a waiting automobile and taken to the point where McLaughlin had parked his automobile. McLaughlin, Jacobson told the undersheriff, was permitted to get in his car and was escorted from the city.

Later, Undersheriff Stocker said that he had been informed by James R. DeGallez that McLaughlin had been escorted to the Pacific Electric underpass on Foot hill boulevard at Muscat and ordered to "keep going."

### ENGINEERS ORDERED OFF NEW YORK SHIPS

**NEW YORK, Oct. 31**—(UP)—Licensed engineers joined the "sit-down" strike of seamen today when they were ordered off inter-coastal ships in port here. James Traynor, business agent of the Marine Engineers' Benevolent association, said one engineer had been left behind in each instance to keep up sufficient steam to maintain the firepumps.

## FEDERAL EXPENDITURES in the four years of President Roosevelt's administration will be at least 33 per cent more than the total cost of government for the 124 years from 1789 to 1913

ORANGE COUNTY REPUBLICAN CENTRAL COMMITTEE  
HOWARD IRWIN, Chairman

## Statement By Wm. Iverson

As one of the owners of the Eden Refining Co. I feel that I have a right to expect that the newspaper controversy over certain road oil sold to the county, in all fairness should give space to my statement in the matter.

You can imagine my surprise to learn of the political mud which Finley and his supporters were slinging, when the county, which was purchasing the oil, had not registered a single complaint about the quality of the product. We have been furnishing the 60-70 road oil requirements for about eight months. Payment of the first oil sold to the county was held up nearly 60 days, due to the fact that the road department was making certain tests. When they had completed their tests, our warrant was passed. Since that time the warrants have been paid regularly until the political campaign started to boil. We were told that everything was satisfactory, and did not get the complaint until it was published in the "scandal sheet", the Independent. Certainly, we were entitled to hear concerning the quality of our product, if there was any difficulty. If the politicians wanted to be fair, they could have easily verified the fact, that our bid to the county was 12c per barrel lower than the competitive bid, and that the man who made much of the road oil the previous year, which sold to the county at a higher price than we were getting, was the same man who is in our employ, and whose duty it was to make the road oil for the county this year. His instructions were to make a better product than the county had received in the past. The political mud-slingers could also have received information from those who are in the oil business in Huntington Beach, to the effect that the same practice of serving the county was followed this year, as has been followed in years past. Even back to the days when the brother of the candidate for Supervisor was then serving on the board. The only difference being that the county was getting more for its money this year.

A newspaper squabble settles nothing, but it is a fact, that this whole mountain has been made out of political molehill. The samples in question, may not have come from our tanks at all; they may have been adulterated; or it is a fact that the county has been taking such a small quantity of oil, that some weeks they barely have drawn off the bottom of the tank, which of course, is the poorest oil in the tank, and it may be that this is the oil sampled.

Respectfully submitted in the interest of fair play.

WM. IVERSON.

Members of the Veterinarian Hospital Association of Southern California will hold their regular monthly meeting Monday night, at 8 p. m. at the Santa Ana establishment of Dr. N. D. Cash, 1614 South Main street. Following the business session and clinical program the group will be addressed by Dr. John J. Montanus, pathologist and Orange County autopsy surgeon, who will discuss "Tumors Common to Both Man and Animal."

Claude H. Van Antwerp, who was stricken with illness shortly after he and Mrs. Van Antwerp returned from an extensive northern trip, was reported today to be resting comfortably at his home, 814 West Bay avenue, Balboa. After showing marked improvement in health last week, Mr. Van Antwerp suffered an acute heart attack Sunday, from which he is only now beginning to recover.

## EXTRA POLICE EMPLOYED TO GUARD STREETS

Because students of Santa Ana schools have become accustomed to school crossing protection during the past year when WPA guards were on duty, and because WPA guards concluded their services last evening due to shortage of WPA funds for that project, Police Chief Floyd W. Howard today employed five new guards who will begin work Monday.

The men were employed after city council provided the necessary funds, \$60 per month for each guard. The men will be deputized as members of the police department.

With the motorcycle squad of five men and two other crossing guards who have been employed by the city for some time, the crossings will be guarded by a total of 12 men.

"If we find it necessary, other guards will be employed later," Chief Howard declared, after conferences with city councilmen. "These guards will be well worth the cost if they are able to keep our record of accidents involving school children, clean. Students here are accustomed to this protection and we feel it would be dangerous to 'let them down' now, without protection while going to and from school."

Eleven WPA guards were called off the project several weeks ago and the remainder, 15, concluded their work on the crossings last evening, leaving all crossings unguarded except those at Tenth and Main, in front of the Santa Ana Junior College, where Mark McWhorter is employed, and on Seventeenth street, adjacent to the Jefferson school, where Cornish Roehm is employed.

"We are placing particular emphasis on protection for grade school children," the chief declared. "The motorcycle squad will patrol several crossings each on their motorcycles and will assist the new guards wherever possible."

The five new guards, all taken from the ranks of the WPA group which just concluded its work, are: James C. Watt, 414 1-2 Fourth, assigned to Fifth and Arroyo crossing for Fremont school; John L. Larsen, 912 South Garnsey, assigned to St. Gertrude and Main, for Thomas A. Edison school; John F. Nichols, 802 West Second, assigned to First and Flower, for McKinley school; George E. Hubbard, 707 West Second, assigned to First and French, for Roosevelt school, and Clyde Flowers, 1515 Spurgeon, assigned to Cubbon and Main, for Spurgeon school.

As the WPA guards prepared to turn in their guardsmen's caps last evening, one of their number left the following messages for the others: "Attention: All traffic guards will retire on their incomes Friday evening, October 30. The best of luck!"

Dan Mulherron, manager of the WPA here, declared, if officials at Washington, D. C. can "find" the necessary funds, the WPA crossing guard project here will be resumed later.

## Women Enlist in 'Racket' Fight

Mrs. Edwin Selvin, chairman of the "Women of Washington," shown presiding over a mass meeting of the group at Seattle protesting what they termed "racketeering" in the state. The group denounced Mayor Dore of Seattle and Gov. Martin, accusing the former of "insulting the womanhood of this state because of their protest against unthinkable conditions."

## THREE INJURED OVER QUARTER IN AUTO CRASH OF INCH RAIN FRIDAY NIGHT FALLS IN S. A.

When a car registered to H. E. Chapman, 612 North Olive, collided last evening at Sixth and Parton, with a car operated by Irene Kingsbury, 1112 North Olive, and then crashed an electric light pole on the northeast corner, it overturned, injuring three persons.

Those reported by city police as injured were Raymond Chapman, 612 North Olive; Ronald Trow, 612 North Olive, and Victor Neal, Tustin. Trow was taken to county hospital in the Brown and Wagner ambulance and treated for badly lacerated face. The others were less seriously injured. Mrs. Kingsbury was uninjured.

Cecil Edgar Blacketer, Canyon avenue, Laguna Beach, told police he ran his car into a school crossing sign at Tenth and Main last evening, bending a headlight and breaking the headlight glass. Officer W. E. B. Sherwood investigated. Blacketer said he wanted the city to pay the damages.

Nor will his brother, David Germain, 19, of 925 French street, be lonesome in the same ward. Early this week, David suffered a crushed leg when his motorcycle collided with a car on Edinger street. ## STATEMENT BY

# Don Jerome

As a native son of Santa Ana, a taxpayer, business man and a self respecting citizen—I am asking the privilege of a few lines in my behalf.

The articles which appeared in the Independent, Friday, October 30, 1936 and the Radio Broadcast at 7:30 P. M. Thursday, October 29, 1936 are not only untrue but they are dastardly in their interest and show plainly the character of the authors.

The authors of these statements who were apparently ashamed to sign their names, insinuated that I was a member of the Eden Refining company when the bids were submitted to the County. This is out true.

They did not tell you that the bid was 12c per barrel cheaper than the next lowest bidder.

I put my money into the Company after the bid was submitted. I was not even a member of the company at the time the bid was submitted and knew nothing of the contract.

John Ackerman in his political address the night before made the same insinuations against me. The announcement of this address in the Journal said Mr. J. Frank Burke would give an address in behalf of the Democratic campaign committee of Orange County. This is also untrue. The Democratic Committee did not and would not sponsor such an address in a non-partisan Supervisors race.

County Purchasing Agent F. W. Slabaugh says there never was a contract signed for any specified amount.

Furthermore, I have never put in a bid of any kind to either the City of Santa Ana or the County of Orange, either before or since my father has been in any public office.

Who are these accusers and what element do they represent? Mr. Ackerman is campaign manager for Steele Finley and advertising manager of the Independent.

Why do they wait until it is too late for me to clarify these untruths in their own paper?

I always have prided myself in not dealing in personalities—but I do believe there is a limit to freedom of speech and press. That limit is the truth.

Signed: DON JEROME

# WHICH ROOSEVELT?

Promises  
of  
Candidate

Performance  
of  
President

"I shall carry out the plain precept of our party, which is to reduce the cost of the current federal government operations by 25 per cent. Of course that means a complete realignment of the unprecedented bureaucracy that has assembled in Washington in the last four years."

—Candidate Roosevelt  
October 29, 1932

"I accuse the present administration of being the greatest spending administration in peace time in all our history, one which has piled bureau on bureau, commission on commission, and has failed to anticipate the dire needs of reduced earning power of our people."

—Candidate Roosevelt  
October 29, 1932

"I shall use this position of high responsibility (the Presidency) to discuss up and down the country in all seasons, at all times, the duty of reducing taxes, of increasing the efficiency of government, of cutting out the underbrush around our governmental structure, of getting the most public service for every dollar paid by taxation. This I pledge you, and nothing I have said in the campaign transcends in importance this covenant with the taxpayers of this country."

—Candidate Roosevelt  
September 29, 1932

"The (farm) Plan must not be coercive. It must be voluntary and the individual producer should at all times have the opportunity of non-participation if he so desires. . . . It must be so organized that the benefits will go to the man who participates."

—Franklin D. Roosevelt  
Topeka, September 14, 1932

"The doctrine of regulation and legislation by 'master minds,' in whose judgment and will, all the people may gladly and quietly acquiesce, has been too glaringly apparent at Washington during these last ten years."

"On such a small foundation have we erected the whole enormous fabric of Federal Government which costs us now \$3,500,000,000 every year, and if we do not halt this steady process of building commissions and regulatory bodies and special legislation like huge inverted pyramids over every one of the simple Constitutional provisions, we shall soon be spending many billions of dollars more."

—Franklin D. Roosevelt  
as Governor of New York  
Radio Address March 2, 1930

"I don't believe in banking on fool's luck as applied to the public finances in spite of the fact that it has come to the rescue of some communities and some divisions of government in this nation in times past. . . . This depression is today's problem. . . . We cannot and must not borrow against the future to meet it."

—Candidate Roosevelt

"I, Franklin Delano Roosevelt, do solemnly swear that I will faithfully execute the office of the President of the United States and will, to the best of my ability, preserve, protect, and defend the Constitution of the United States, so help me God."

—Oath of Office, March 4, 1933

"The United States Constitution has proven itself the most marvelously elastic compilation of rules of Government ever written. . . . It was clear to the framers of our Constitution that the greatest possible liberty of self-government must be given to each State, and that any national administration attempting to make all laws for the whole Nation. . . . WOULD INEVITABLY RESULT AT SOME FUTURE TIME IN A DISSOLUTION OF THE UNION ITSELF."

"Now to bring about government by oligarchy, masquerading as democracy, it is fundamentally essential that practically all authority and control be centralized in our national government. The individual sovereignty of our States must first be destroyed. . . . We are safe from the danger of any such departure from the principles on which this country was founded JUST SO LONG AS THE INDIVIDUAL HOME RULE OF THE STATES IS SCRUPULOUSLY PRESERVED AND FOUGHT FOR WHENEVER THEY SEEM IN DANGER."

—Franklin D. Roosevelt  
Annual Message to Congress  
January 3, 1936

This situation brought the United States squarely to a big issue, the President said. Did this decision mean the United States government had no control over any national economic problem? Were we going to take Federal hands off the problem of agricultural adjustment?

If crop control were abandoned, he stated, it meant there would be 36-cent wheat and 5-cent cotton.—Digest of statement by Franklin D. Roosevelt, May 31, 1935, following unanimous decision of U. S. Supreme Court that the NRA was unconstitutional.

## "A President Can Change His Mind — And a People Can Change Their President"

ORANGE COUNTY REPUBLICAN CENTRAL COMMITTEE  
HOWARD IRWIN, Chairman

# HIDDEN TAXES ASSAILED BY GOVERNOR LONDON IN TALK BEFORE CHARLESTON CROWD

CHARLESTON, W. Va., Oct. 31.—Following is the text of Governor Landon's speech in Charleston last night:

Last night in New York City I summarized my position on the major issues of this campaign. I pointed out that a basic essential of representative government is for the candidate to take the people into his confidence—that representative government rests upon the combined wisdom of the people—and that in this election we will decide the future of our form of government by the combined wisdom of the people.

**Issues Discussed**  
Tonight here in West Virginia I want to talk quietly about a few of the issues as they relate to the home. I want to do this because one of the outstanding points of this campaign has been the interest of thousands of men and women who in ordinary years take no active part in political contest. This interest is not the result of a sudden outbreak of party enthusiasm. It is a result of the realization that the choice to be made in this election will vitally affect their homes.

For many months the people of West Virginia have been in the forefront of those working to make this election reflect the real wishes of the people. I am happy to be with you as we bring this stirring campaign to a close.

**Quotes Ben Franklin**  
Let me remind you of a remark made by Benjamin Franklin following the Constitutional Convention of 1787. A friend asked him: "What kind of a government have you given us?" and he replied: "A Republic—if you can keep it."

That was a profound remark. It reflected the homely wisdom that is one of our heritages from horse-and-buggy days. Its meaning is quite plain. A republic—a government of the people—cannot be kept a republic except through the efforts of the people.

Now it is obvious that a government of 130,000,000 people must be handled in the periods between elections by the people's servants—their elected representatives.

**Can Keep It On Course**  
During these periods, through error or misguided actions of those representatives, government may wander off the course. This is always possible.

But so long as the voters of the nation are interested in the management of the government so long as they are jealously determined to keep the government their own, they can always bring it back on the course. They do this by exercising their rights on election day.

We have been living for a hundred and fifty years under our Constitution. We have maintained our republic. And we have achieved a high measure of prosperity and happiness. But we have not done this merely because our ancestors drew up a great document. We have done it because we were determined to keep a republic.

And our determination to keep a republic will be the measure of our success in the future.

**Women Must Aid**  
In this task our women must play their part as well as our men. More than our men indeed, for always, over all the world, it has been the women rather than the men who have been the mainstay of the home.

Men in pursuit of varied interests sometimes get away from the fundamentals. This is natural. But the women, through their devotion to the ideals of these fundamentals, this is just as true. In my observation, of those women who today are taking positions of leadership in our business and public life.

**Charter of Liberties**  
But men and women alike must never forget that our Constitution is the charter of our liberties. It is the charter that keeps our homes.

We have only to look across the ocean to see what can happen when the people have no such protection against the power of government. To these people home is no longer a place to which they can retire in security—a place in which they can think and speak as they please; in which they can worship as they please; in which they can bring up their children as they please.

In these countries homes are no longer protected by the law against waste and extravagance of an all-powerful government.

**Loss of Liberty**  
We must never forget that the loss of liberty in these countries followed depressions; that the trends in government which preceded this loss of liberty were similar in many respects to the trends in government which we in America today.

Outstanding among these trends was the disregard of the old-fashioned principle of making both ends meet, a principle which we all follow in our homes, and which our women know even better than our men.

This principle has been lost sight of in the last three years. We have seen waste and extravagance on an unparalleled scale. The people of West Virginia know this only too well. They know there has been almost unlimited waste and extravagance in the handling of relief funds in this state.

**Funds Spent on Politics**  
In this type of expenditure there are two issues involved. There is the spending of public money voted by the people for the relief of their less fortunate fellow citizens, for purposes which have nothing to do with relief, you know what these purposes are.

Relief funds are being spent to maintain a political machine in power. W.P.A. workers are being intimidated and coerced. In many cases approval of party leaders is necessary to get relief work.

**Follows Advice**  
In my campaign at home I have always tried to follow my old friend's advice. I had tried to tell the people exactly what I intended to do and I have tried to do it. In this campaign I have followed the same plan. I have told you I propose to go forward along the American way of life and I have repeatedly stated the policies that in my opinion will guarantee us a safe course.

Next Tuesday the men and women of America will set the country on this course for the next four years.

# NOVELIST WILL SPEAK HERE AT PEACE MEETING

NEW YORK, Oct. 31.—Following is the text of President Roosevelt's address last night at a Democratic rally in the Brooklyn Academy of Music.

During the last month I have seen a great deal of our country and a great many of our people. Both the America and the American I have seen look very different from three and a half years ago.

Many important things have happened to them in these three and a half years. I could talk to you for hours about this better, happier America. What I am going to talk to you about for a few minutes, however, is some of the things that have brought that better, happier America to pass. I want to tell you in terms of actual achievement what we in Washington have done—that we have done to restore prosperity—that we have done to end abuses.

**Aid To Needy**  
The first thing was to give aid to those overtaken by disaster. We did that, and we are not ashamed of giving help to those who need help. We furnished food relief, drought relief, flood relief, work relief. We established the Federal Emergency Relief Administration, the Public Works Administration, the Civilian Conservation Corps, the Works Progress Administration. Some people ridicule them as alphabet agencies. But you and I know that they are the agencies that have substituted food for starvation; work for idleness; hope instead of dull despair.

And on November third America will say that that was a job well done!

**Wheels Started**  
The second thing we did was to help our stalled economic engine to get under way again. We knew enough about the mechanism of our economic order to know that we could not do that one wheel at a time. We had had enough of one-wheel economics. We proposed to get all wheels started at once. We knew that it was no good to try to start only the wheel of finance. At the same time we had to start the wheels of agriculture, of workers of all classes, of business and industry.

By democratizing the work of the Reconstruction Finance Corporation and redirecting it into more practical and helpful channels we furnished fuel for the machine.

**Foreign Trade Accord**  
We primed the pump by spending government money in direct relief, in work relief, in public works.

We established the Agricultural Adjustment Administration; the National Recovery Administration; the Farm Credit Administration; the soil conservation program; the Home Owners' Loan Corporation; the Federal Housing Administration; the Tennessee Valley Authority; we set up a sound monetary policy; a sound banking structure; reciprocal trade agreements; foreign exchange controls.

We set up a national labor relations board to improve working conditions and seek industrial peace. We brought the business men of the country together to encourage them to increase wages, to shorten working hours, to abolish child labor.

**Social Security Act**  
With labor's aid and backing we took the first great step for workers' security by the Social Security Act—an act which is now being misrepresented to the workers in a pay-envelope propaganda by a few employers whom you will easily recognize as old-time exploiters who have always fought against anything that would do for the laboring man and his wife and children.

That act is a new Magna Carta for those who work. In its preparation and in its enactment, it was supported not only by organized labor but by those other liberal groups—workers, employers, churches, private charities, educators, who for many years have believed that modern government can make provision against the hardship of unemployment and the terrors of old age.

**Republican Votes**  
On the passage of this law, in addition to overwhelming support on the part of Democrats in both the House and Senate, the country should note that seventy-seven Republican Representatives voted for it and only eighteen against it, and that in the Senate fifteen Republican Senators voted for it and only five against it.

This fact is perhaps illustrative of the paradox that in the closing days of the campaign, Republican leadership, driven to desperation and urged on by the same sinister forces which generation after generation have opposed all social legislation, now repudiate their own Representatives and Senators in the halls of the Congress and leave them looking positively silly.

**Praise For Gov. Lehman**  
The people of the State of New York recognize in this issue in a national campaign only another form of struggle to which we have become accustomed in this state for many years past. Every man and woman here knows that we have been blessed with these great social reforms because we have had liberal government in Albany. We know that we would not have had them if the Old Guard Republican leadership had been in power.

Gov. Lehman has not merely exemplified his splendid objectives this spirit of far-sighted progress, but he has practiced what he has preached, and thereby has continued to strengthen the civic conscience of the people of this state. There are none among you who believe that on Tuesday next there is one chance in a thousand that New York state will turn its government back to the Old Guard.

To go back to what the Federal

government has done in the past three and one-half years, some people call these things waste. You and I know that they are the means by which our stalled machine was started again.

And on November 3 America will say that that was a job well done!

**Looked To Future**  
The third thing we did was to look to the future to root out abuses—to establish every possible defense against a return of the evils which brought the crash. We established the Securities Exchange Commission; banking reforms; a sound monetary policy; deposit insurance for 50,000,000 bank accounts—all aimed to safeguard the thrift of our citizens.

By our tax policy and by regulating financial markets, we loosened the grip which monopolies had fastened upon independent American business. We have begun also to free American business and American labor from the unfair competition of a small unscrupulous minority. We established by statute a curb upon the overweening power and unholy practices of some utility holding companies.

**Cheaper Rates**  
By the Rural Electrification Act, by the Tennessee Valley Authority and similar projects we set up yardsticks to bring electricity at cheaper rates to the average American farm and the average American home. Through loans to private enterprise we promoted farm clearance and low-cost modern housing. We set up a National Youth Administration to help keep our youth in school and to hold open for them the door of opportunity. By a successful war no time we have made America's homes and places of business safer against the gangster, the kidnaper and the racketeer.

**Record Of Years**  
Some people call these things meddling and interference. You and I know them to be new stones in a foundation—a foundation on which we can, and are determined to, build a structure of economic security for all our people—a safer, happier, more American America.

On November 3, the American people will say that that is a job well begun!

These are the things we have done. They are a record of three and a half years crowded with achievement; significant of better life for all the people. Every group in our national life has benefited, because what we have done for each group has produced benefits for every other group. In our policies there are no distinctions between them. There will be none. If we are in trouble together, if we are to be prosperous, if we are to be secure, we must all be prosperous and secure together.

**Old Theory Banished**  
Unfortunately, those who now raise the cry of class distinctions are the very leaders whose policies in the past have fostered such distinctions. When they were in power, they were content in the belief that the chief function of government was to help only those at the top in the pious hope that the few at the top would in their benevolence or generosity pass that help on.

That theory of government has been banished from Washington. It did not work. It was not and cannot be the answer to our problem. We have united all classes in the nation in a program for the nation. In doing that, we have bridged the gulf of antagonism which twelve years of neglect had opened up between them.

**Program Of Unity**  
An equally important task remains to be done—to consolidate and to strengthen these gains—to close the gap by destroying the glaring inequalities of opportunity and of security which, in the recent past, have set group against group and region against region.

By our policies for the future we will carry forward this program of unity. We will not be content until all our people fairly share in the ever-increasing capacity of America to provide a high standard of living for all its citizens.

On November 3, the American people will say that our policy for the future is their policy for the future.

Next Friday's Games  
Anthem at Huntington Beach; Orange at Garden Grove; Newport Harbor, bye.

Orange's football renaissance seemed in full flight today with Coach Stewart White's Panthers once again on top of the Orange league (major division) heap after several bleak seasons.

Hard pressed to beat Newport Harbor's fighting Sailors yesterday, 13-7, Orange nevertheless swarmed into first place when Huntington Beach played a 6-0 tie with Garden Grove at Garden Grove.

Newport Harbor led Orange, 7-6, until the last quarter when the Orangemen drove down the field 76 yards for a winning touchdown. Max Fletcher, brilliant little passing back, and Bob Clark, 125-pound fullback, combined their abilities to win for the Panthers, Fletcher bucking across from the one-yard mark on third down.

Newport Harbor scored first after driving 65 yards with apparent ease, George Bremer went over from the 3-yard line. Orange scored its first one in the waning minutes of the second period when Fletcher put the Panthers in scoring position with a perfect pass to Larry Timken who was brought down on the 7-yard line. Then Timken circled his own left end for the touchdown on the second play. Joe Pano failed to match the Harbor team's goal kick and the Orangemen trailed 7 to 6 until the final quarter.

The game ended with the Panthers again threatening on the Harbor 5-yard line.

Outstanding among the Orange linemen were Clynos Streech, Hal Shick, Harold Welch, Ed Gould and Joe Pano who played major parts in the winning drive. Beatty at fullback, Haun at quarter, and Hal Seville were outstanding for the Tars.

The lineup:  
Orange (5): (7) Newport Harbor Montgomery, (1) E. Kelly, (2) Streech, (3) L.T. Buckland, (4) McNeill, (5) L.G. Johnson, (6) Ruchner, (7) E. Kelly, (8) Pano, (9) R.G. Seville, (10) Newkirk, (11) R.T. OILERS, ARGONAUTS TIE  
In a conflict that had one team near victory and then the other, Garden Grove and Huntington Beach fought to a scoreless tie at Garden Grove.

The Argonauts dominated the whole first half after Goda recovered Freeman's fumbled punt on the Oilers' 40-yard line. Short passes took the sphere deep into Huntington Beach territory three times but always Coach Al Reboins' strong line held fast.

This situation was reversed in the second half. Huntington Beach threatened to score four times. Once Garden Grove held four times on its 3-yard line and another time the Oilers were stopped a foot from victory. In the last minute, a forward pass into the end zone just grazed Freeman's fingers.

Nakal, Hapes, Littlejohn, Head and Ward were outstanding for the Argonauts. Freeman, Jenkins, Johnson, Berkey and Kawaguchi starred for the Oilers. Starting lineup:

Garden Grove (0): (0) Huntington B. Koyasashi, (1) L.T. Brown, (2) Warcham, (3) L.T. Johnson, (4) Head, (5) L.B. Strickland, (6) Littlejohn, (7) C. Ka. Wazughi, (8) Sidwell, (9) R.G. Tucker, (10) Roosevelt, (11) C. Easterly, (12) Goda, (13) R.H. Berkey, (14) Hapes, (15) Q. Freeman, (16) Nakal, (17) J. Johnson, (18) Fairchild, (19) R.H. Myers, (20) Ross.

Wetherell out of S. A. Tennis Lineup  
Handicapped by the withdrawal of Lewis Wetherell, National Public Parks singles champion and for several years the city's No. 1 player, Santa Ana's Tennis club opens another season in the Citrus Belt league at Riverside tomorrow.

Wetherell's studies at U. S. C. will not allow him to take part in the series this year.

Toby White will handle the No. 1 assignment, with Muryl Hallman, Gil Ward, Marvin Jacobs and Carroll Merrick playing other singles spots. Kenneth Ranney and Arno Finster, Bob Blakemore and Carl Aubrey, and Oliver Dwyer and Robert Mize will play the doubles. Mildred Ward and Katherine Williams played women's singles, with Fred Glemer and Ann Wetherell in mixed doubles.

Santa Ana is in a division with Riverside, Pomona, Redlands, San Bernardino and Colton.

### UNTAMED BRONC

Auburn's Plainsmen were expected to find this Santa Clara Bronc a tough hombre to tame today. The running and passing Don De Rosa, big fellow shown on a run, has been largely instrumental in keeping Coach "Buck" Shaw's first season an undefeated and untied one thus far.

### WRESTLING DUCATS ON SALE TOMORROW

So much interest has been generated in the three-fall wrestling match between "Hansman" Cantowine and Pat O'Shocker in their match Monday night at the Orange County Athletic club billed as between representatives of the two presidential candidates—President Roosevelt and Gov. Landon—that Promoter Sam Sampson today decided to hold the box office open all day tomorrow and Monday to accommodate ticket seekers and advance seat telephone reservations.

Fans will decide which man will represent Gov. Landon and which will carry the colors of President Roosevelt.

Almost as attractive as the main event is the semi-final between "Tarzan" Zim and Kiman Kudo. They are billed for one-fall, 30 min. time limit as are Brother Jonathan vs. Al Baffett and "Baron" Benny Ginsberg vs. Roy Hallreigel.

### GAELS DRUBBED BY MARQUETTE; BUIVID STARS

CHICAGO, Oct. 31.—(UP)—Marquette's high-reared Golden Avalanche stepped into the top flight of the nation's undefeated teams today with its smashing 20-to-6 victory over the Galloping Gaels of St. Mary's before 60,000 at Soldier field last night.

The crack Milwaukee eleven broke the spirit of the Gaels with two touchdowns by Capt. Ray (Buzz) Buivid before the first period was half over and from there it was a matter of halting the charge of St. Mary's powerful backs.

Only once did the Gaels break loose. Late in the first period, Huey Sill and Ned O'Laughlin carried the Gaels' lone touchdown from the three-yard line.

Marquette whipped the heavier Gaels on the ground. Buivid, hailed as one of the nation's finest passers, withheld his fire until the start of the third period when he completed a touchdown pass to Bill Higgins for 29 yards.

Marquette received the opening kickoff and drove straight down the field 78 yards for a touchdown on seven plays, with Buivid dashing around his own right end from the 12-yard line for the score. Cuff booted the point from placement.

Cuff kicked off and Buivid checked a rapid aerial thrust by the Gaels by intercepting O'Laughlin's pass on his own 20. He cut toward the sidelines and sprinted through the entire defense for his second touchdown in 7 minutes.

It was one of the most interesting defeats ever suffered by the Gaels since "Slip" Madigan hoisted the little California school into a big-time football institution. When the St. Mary's team, carrying 12 injured men on its squad, answered the opening kickoff it had a travel log of 4200 miles behind it.

Those two Marquette touchdowns which came with dramatic suddenness in the early minutes of play were all the Hilltoppers needed.

Undismayed, St. Mary's took the next kickoff and marched 77 yards in 14 plays for its touchdown. O'Laughlin and Sill, right halfback, led this drive with smashes inside the Marquette tackles. O'Laughlin plunged over from the 3-yard line.

...that story about Art Craft starting for the U.C.L.A. varsity against Stanford was "slightly exaggerated." Craft says he's not going to play against Stanford or anyone else this season. He's saving a season of eligibility.

Blanchard Beatty, assistant Don coach, officiated a game between Orange and Newport Harbor yesterday in which his kid brother played for Harbor.

Santa Monica's Jaycee wants on Santa Ana's schedule next year and Bill Cook has promised to do what he can.

Half the Don squad attended the Garden Grove-Huntington Beach prep conflict. Fred Pinkston, Blas Mercurio, Roy Waer, Bob Holmes and Walter Opp were a few of the ringers.

"Rusty" Roquet is ready to rid himself of his chin whiskers which he has had since he was a kid. His red hirsute adornment won first money in the Anaheim hobnob contest.

...and that's enough for today 'cause space is dear.

If you want information of this character it's always best to seek it from one who knows. That's why I asked Jack Robinson this question.

"Must Santa Ana beat Chaffey or Riverside to win the Eastern Junior College conference championship?"

Jack Robinson is the rugged center of the University of Southern California frosh. He lives in Santa Ana. He was home for the week-end when I tackled him.

Robinson ruminated. "Kind of a hard question to answer," he finally stated. "We beat Riverside about 47 points, and had difficulty licking Chaffey by two touchdowns."

"But off-hand I should say that Riverside will give you the most trouble. I think they'll be pretty tough by November 13. And then Santa Ana must play Riverside at Riverside; the Chaffey game is here. That will help."

"We had a tough time at Chaffey because it was so hot. However, they have a big, rugged club and the Dons can't lose against 'em. They're particularly good in the middle of the line."

Center Robinson is sorry about one thing: He wishes his Trojans could have a crack at Santa Ana's Dons.

"It would be a lot of fun kicking each other around," said Jack, who last year played with many of this year's Jaycee squad.

### ARTISTS SMASH REIGN OF BREA; JONES INJURED

LAJUNA BEACH, 18; Brea-Olinda, 13. Laguna Beach, 18; Brea-Olinda, 13. Anaheim, 25; Tustin, 6. (Non-league.)

Next Friday's Business  
Brea-Olinda at Valencia; San Juan Capistrano at Tustin; Laguna Beach, bye.

BY GEORGE BRONNER  
A lowly cellar occupant a brief year ago, Laguna Beach rose to surprising heights in upsetting Brea-Olinda's champions, 18-13, to take a commanding lead in the Orange league's minor division at Brea yesterday.

The worst Coach "Red" Guyer's miracle men can get now is a tie for first place.

even if they lead Valencia in their final conference contest Nov. 13.

The Artists overcame a 7-point lead scored by the Wildcats in the first three minutes and boomed over two touchdowns in quick succession to lead, 12 to 7, at the end of the first quarter.

Brea's 12-pound weight advantage failed to penetrate Laguna's slick, scrappy line, as the Artists never held their lead but came back in the third period, passing their way to a third touchdown. The Wildcats rallied near the close of the third frame and made the score, 18-13.

Beck's Too Helps Laguna  
Rollo Beck, Artist right half, who continually kicked his team out of dangerous holes, shared defensive honors with Herman Walker, scrappy right guard. Beck and Blacketer, quarterback, caused much worry for the Brea backs as their accurate passing, with Babcock, right end, on the receiving end, paved the way for all three of Laguna's touchdowns.

Babcock and Delaney were credited with the second and third touchdowns. Reiser's plunge over the one-foot line accounted for the first.

The Wildcats were paced by Gordon Baker, flashy open-field runner, and Sam Henderson, meaty fullback. Anderson and Wolfe stood out in the line.

Griffith Scores on Pass  
Brea's first touchdown was a story-book thriller. Shores, left half, passed 20 yards to Griffith, right end, who turned his ankle as he caught the ball. Limping 15 yards, he stumbled and fell just over the end stripe.

Coach "Shorty" Smith of the losers, substituted freely in the fourth quarter but a belated rally failed to materialize, Laguna recovering a Brea fumble as the game ended.

The lineup:  
Laguna Beach (13): (18) Brea-Olinda Babcock, (1) R.E. Griffith, (2) Murray, (3) L.T. Voorhes, (4) Ruchner, (5) L.G. Johnson, (6) Chamberlain, (7) C. Ka. Wazughi, (8) Sidwell, (9) R.G. FLORIDA'S \$50,000 STAKE LURES HORSES FROM CALIF.

NEW YORK, Oct. 31.—That \$50,000 stake which Joseph E. Widener is offering for older horses at Hialeah Park is something that the way of competition for Santa Anita, which has drawn the big name horses for the past two winters. Many of the larger establishments are going to Miami with their finest.

It used to be that winter tracks had to beg horsemen to come in. Now they turn them away.

## KING TO BE MODEL FOR BRITISH YOUTH

LONDON, Oct. 31.—(UP)—King Edward, more than ever a center of interest because of his friendship with twice-divorced Mrs. Wallis Simpson, is to become a model of physical fitness for British youth, it was learned today.

Regarding him as almost the ideal of physical fitness for a man of 42, leaders of the national health movement intend to encourage young men to follow his example. As part of the effort, they will use a number of pictures of the king in sporting and athletic poses.

Debate as to whether the king has hardened himself so that he has no worries as to his health, and seldom even has a cold. He rises at 6 or 6:30 a. m., does setting up exercises, bathes and has a rub down and then later in the day plays squash racquets or golf, swims or putters around his garden, trimming the roses. Swimming, in addition to tennis, is another diversion, a liking for which he shares with Mrs. Simpson.

## SUES ACTOR AS COMMON LAW WIFE

LOS ANGELES, Oct. 31.—(UP)—A woman claiming to be Stan Laurel's common-law wife sued the film comedian for separate maintenance today, asking \$1,000 a month for life.

The suit was filed under the name of Mae Laurel, who said she entered a "common law marriage" with Laurel in New York June 18, 1919, and lived with him as his wife until January 11, 1928.

Mae Laurel, the alleged "forgotten wife," has been living in Los Angeles for two years, and she has been embroiled in divorce difficulties with two other wives, according to Attorney S. S. Hahn, who filed the suit.

## SPOOKS, GHOSTS, FREAKS FROLIC AT LIONS PARTY

GARDEN GROVE, Oct. 31.—Jack o' Lanterns, cornstalks and other symbols of the season brightened Legion hall this week, when members of the Lions club and their wives gathered for one of the gayest of Halloween parties. Ghosts met the costumed guests who had been instructed by the committee consisting of Rodney Collins, Lester Frink and Charles Simpson, to come representing some person, place or thing.

## KEN Murray SAYS:

NEW YORK, Oct. 31.—Just like the girl who always sneaks a look at the end of the story, the American public is going in a big way for newspaper polls on the election. . . . The only trouble is that the average reader can't tell whether the poll indicates the truth, or whether he's being taken for a straw-ride.

But there's one nice thing about this polling idea. . . . No matter which way you're betting on the results, you can always find one of the systems to agree with you. From the way the Republicans are working, it looks as though they aren't interested in straw-votes. . . . No sir! They're just making hay while the Sunflower shines.

However, the idea is gaining such favor over here, that I would not be surprised if the English papers didn't adopt it to keep track of how that King Edward's Simpson contest is progressing.

## Police News

Investigating on report of Jeff McShane, 405 Halesworth, that a "prowler" was believed to be on the premises of the property adjacent about 12:15 a. m. today, Officers W. L. Moreland and Paul Cosad, F. L. Grouard and Burnette Lane found Jim Milanovich of 819 West Sixth, sitting on the front porch. "I do some of the work about the yard here and am just waiting for my employer to come home," he explained to the satisfaction of the officers.

Halloween pranksters were blamed for "pestering" the Reverend Zamora of Seventeenth street and Varano road, almost to the point of exhaustion last night and upon previous nights. It was indicated in a complaint he entered with the sheriff's office. Two men appeared at his home at frequent intervals to pull the light switch on the outside of his home. "I chased them upon one occasion but couldn't catch them," he said. Officers Ezra Stanley and Walt Dungan were prepared to chase them again, if they appear near the Zamora residence, they said.

Arrested in Huntington Beach, Harry E. McElroy, alias Harry McKnight, 33 Los Angeles painter, was jailed here yesterday on a charge of burglary. Justice Chris P. Pann of Huntington Beach set bail at \$100.

Arrested by Deputy Sheriff G. F. McKelvey in Long Beach and brought here yesterday to face a charge of failing to support his six-year-old daughter, Frank Ealey, 29-year-old Negro, was jailed pending a hearing November 2 before Judge Kenneth Morrison. In Santa Ana justice court, on violation of probation. Arrested March 9, 1934, Ealey was sentenced to a year in county jail but was placed on probation immediately. On September 26, 1935, a new arrest warrant was issued and Ealey has been sought since. Recently, he had been working at a Long Beach garage. Mrs. Ealey is a Santa Ana resident; she signed the complaint.

Sheriff's officers were today searching for a hobo who is said to have stolen two sacks of walnuts from M. P. Hamrick, Box 72, Olive this week. Officers Tom Murphree and Potter who investigated found only two sacks of walnut shells and tracks leading from Hamrick's orchard to a hobo shack west of the Olive railroad track.

Officers Murphree and Potter reported that a horse, missing since Monday was found yesterday and returned to its owner, Vincent Yorba, Santa Ana canyon.

## BROTHERS ARE REUNITED AFTER HALF CENTURY

United after 54 years, Fred Schlueter, West LaVeta avenue, Orange, and his brother, Herman Schlueter, Ridgeville Corners, Ohio, again parted company with the departure of Herman from his home in the middlewest, yesterday, after a visit of several weeks here.

The two brothers had no difficulty in recognizing each other when they met in a Los Angeles depot as they took much alike. A family reunion was held during the visit of Herman Schlueter who was accompanied by his son-in-law, Cleo Ruffer.

Fred Schlueter came to America from Germany in 1881, settling in Henry county, Ohio. His brother, Herman, followed him, arriving in Henry county in 1882. The two brothers were together for a year, Fred then moving to California where he was married in 1893, and when he came to Orange county to the home where he still lives. Hours of happy visiting at the lovely ranch home on West LaVeta avenue have compensated in a measure for the long separation.

## PLEADS GUILTY TO VAGRANCY CHARGE

Changing a not guilty plea to guilty this morning in Santa Ana justice court, Loring B. Rogers, 32, of 1127 West Chestnut, was sentenced to county jail for six months, with three months suspended, as the result of a vagrancy charge against him, alleging he drank too much.

Rogers told Judge Kenneth Morrison, who sentenced him, that he has "spent more than \$1000 during the past three years in Santa Ana and other Orange county cities in paying fines involving drunk driving and drunk convictions."

Rogers' record shows he has been arrested four or five times in the past year or two, on charges of drunk driving.

LA HABRA, Oct. 31.—La Habra city is to have a large Neon sign bearing the word "La Habra" on each side, erected at the intersection of Central avenue and Hiatt street in the center of the downtown area, according to plans made by the Business Men's club at their dinner meeting Wednesday evening. The cost of the sign is to be borne by the club, and the city has guaranteed the erection and maintenance expenses. The sum of \$45 was voted by the club for the purchase of the sign and the committee on arrangements is A. J. Wilson, J. G. Jenks and M. E. Ebert.

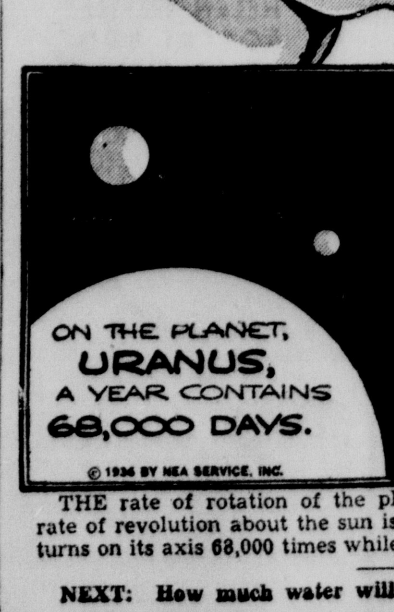

Other business of the club at this meeting was the voting to close all stores in the city on Armistice Day. In the past stores in the city have been open or closed according to the majority of the merchants.

In order to increase the attendance at these meetings, it was decided to have another dinner meeting on Nov. 15. Each man present was requested to take a ticket for himself and one to sell to some other merchant in the city. At the Nov. 15 meeting, plans for a Christmas program for the public will be discussed as the program held last year was thought to be very helpful in stimulating trade.

## SALUTE TO Love

"Our man, Zeke, will deliver the things," Kate told him. "Every Wednesday and Saturday evenings, if that's agreeable!"

"Twil be," Jeff replied, experiencing a sense of disappointment.

"Have you any preference, Mr. Howard, about cake icing and pie filling?"

"None at all. Just anything you fix up."

"I shan't fix any of it up," Kate lied slyly. "Our cook will do it all. Thank you, Mr. Howard, for the orders. Goodbye."

As she rode home she remembered her lie and thought, "I told Caroline I hadn't made false pride left. Well, I must be coated with it! Why should I mind cooking for him? I'll not let him picture me toiling over the food he eats!"

Then she dismissed Jeff Howard as a person and considered him only as a surprisingly good customer.

When she reached Meed Meadows she inquired Mr. Howard's whereabouts from a farmhand and learned that he was gathering apples.

It amused her to see his surprise when he looked up from the basket he was packing and found her there. Kate said, "I've come on business, Mr. Howard. My sister and I are taking orders for cottage cheese and baked goods. We'd like to list you for regular deliveries."

"Well!" Jeff exclaimed, surprised and flattered. "I'm right fond of cake, and pie, too. The man I've got cooking for me can't make either. Yes, I'll take some. Regular—regularly," he corrected himself hastily, college triumphing over cabin.

Kate's eyes were discreetly lowered to her order book. "Two cakes a week, say? And a couple of pies, Mr. Howard?"

## Police Warning Gives Lads Helpful Ideas

LAGUNA BEACH, Oct. 31.—Stern warning has been issued by Police Chief Abe W. Johnson of Laguna Beach, admonishing youngsters of all ages that tonight's Halloween celebration must be free from vandalism or malicious mischief.

Extra police will be on hand, in addition to the regular force. Officers Jack Blakeney, Howard Allanson, Richard X. Smith and Paul Johnson; and, while good, clean fun will not be frowned upon, destruction of property will positively be scolded at, and drastic action taken.

In an announcement, Chief Johnson listed the things that would not be countenanced, with particular reference to upsetting of edifices, carrying away of garbage, jordaniers, and such things. The list, as promulgated by the department, was being closely studied by many adolescents yesterday, seeking to add details to their already copious Halloween technique. It is expected that results will ensue from the warning, and its copious provocative items.

## PLACENTIA'S CONDITION IS SAID SERIOUS

PLACENTIA, Oct. 31.—The condition of Harold Judd, who was injured early Thursday morning in the accident where Kenneth Leroy Smith, 19, of Placentia, was killed, is serious, according to hospital attendants caring for him. Ted McKeehan and a girl whose name is unknown, who also were in the car, are less seriously injured, according to the report. The injured are in St. Mary's hospital, Long Beach.

Young Smith, son of Mr. and Mrs. W. Guy Smith of Golden avenue, Placentia, who was driving his own car, was killed instantly. According to reports, he died of a skull fracture, and had a collapsed lung, broken collar bone and other internal injuries. Judd, also about 20, had just been off crutches for a week after having had hospital treatment and been an invalid for more than two years as a result of an automobile accident. Judd's left leg that had been bothering him all this time was re-injured, his right ankle was broken, and he suffered a broken wrist and possible internal injuries. His condition is serious.

McKeehan sustained minor injuries, and concussion. Funeral services for Kenneth Smith were held at 2 p. m. today from the McAulay and Suters funeral home with Dr. D. J. Brigham of the Placentia Presbyterian church officiating.

## MUSIC TEACHERS TO HOLD BEACH PARLEY

HUNTINGTON BEACH, Oct. 31.—The Orange County Music Teachers association will hold the second meeting of the year at the Huntington Beach elementary school Monday evening, Nov. 1. At 8:30 o'clock there will be a dinner served in the school cafeteria after which the meeting will adjourn to the auditorium, where at 7:45 the Girls Sextette from the high school will sing a group of songs.

She has always been very much interested in the Hollywood Bowl and the "Symphony Under the Stars." Colonel Walker will talk on "Instrumental Music From Kindergarten to the Symphonic Orchestra." These lectures are open to the public and it is hoped a large group be present.

## BIG MUSICAL STATE OFFERS AND WAR DRAMA SPY STORY AND AT WALKER'S CRIME PICTURE

Hailed as the strangest and most gripping drama of love and heroic action ever brought to the screen, and presented with an impressive cast headed by Frederic March, Warner Baxter and June Lang, "The Road to Glory" comes to Walker's new theater, Third and Bush streets, for four days starting Sunday.

Lionel Barrymore has an important role as the father of the commander of one of the most gallant French regiments in the conflict, and Gregory Ratoff is cast as a sergeant who permits the old man to join the regiment against the odds. Baxter is the commander and March his chief aide. Both are in love with a beautiful French nurse and tense situations develop. Tremendous battle scenes are part of the picture the action of which is set in the front line trenches and rest billets.

Tea second feature is "Stage Struck," a Warner Brothers musical, starring Dick Powell, Joan Blondell, Warren William, Frank McHugh, Jeanne Madden and the Four Yacht Club Boys.

Powell has the role of a dance director of a lavish production, driven to distraction by his star, whom he cannot discharge because her money is backing the show. Several spectacular chorus numbers are staged by Busby Berkeley. The Yacht Club Boys have two hilarious numbers, in which they cut loose their mad antics.

"Bullets or Ballots," a stirring and dynamic story of the war against criminals, and "Till We Meet Again," a love story set in the background of intrigue during the World War, are the feature films on the program at the State theater Sunday and Monday.

Edward G. Robinson is cast in a new role, that of a cold-blooded New York detective, in the first picture, which deals with gangsters and the protection they get from political and financial backers who remain hidden in the background. Joan Blondell is cast as his sweetheart and other supporting players are Barton MacLane and Humphrey Bogart.

The heartaches of lovers torn apart by devotion to their warring countries, are dramatically brought to the screen in "Till We Meet Again." Herbert Marshall and Gertrude Michael are the stars, portraying stage favorites about to be married when the war tears them apart, each going into the espionage service. Lionel Atwill and Rod LaRocque have strong supporting roles.

On the same bill is a light comedy-romance with Chester Morris, Fay Wray, Lionel Stander and Raymond Walburn. It is "They Met in a Taxi," an Octavus Roy Cohen story.

Films to be shown at Walker's include "Pepper," "Crash's Wife," "Girl's Dormitory," "Lady Be Careful," "Ramona," "Give Me Your Heart," "Swing Time" and "Piccadilly Jim."

Hilarious comedy, heart throbs and spectacular numbers are combined in the Johnson picture. The cast includes Wini Shaw, the Yacht Club Boys, Sybil Jason, Beverly Roberts, Edward Everett Horton, Lyle Talbot, Allen Jenkins, Claire Dodd and Durant and Mitchell.

George O'Brien is coming Thursday, Friday and Saturday in "The Border Patrolman."

**WEST COAST**  
"The Great Ziegfeld," Metro-Goldwyn-Mayer's giant picture which is scheduled to open at the Fox West Coast theater next Friday can be described in three words, according to Manager Lester J. Fountain—World's Greatest Entertainment.

Challenging all competition, "The Great Ziegfeld" has more first-rate entertainment values crowded within its sixteen reels than any other picture labeled "musical" or otherwise, according to Fountain.

Aside from being a musical extravaganza this story of America's greatest showman and the glorification of the American girl also possesses a fine dramatic quality. It has a triple star threat—William Powell, Myrna Loy and Louise Rainer—to tell a story suggested by the career of Florenz Ziegfeld, with Powell as Ziegfeld, Miss Loy as Billie Burke and Miss Rainer as Anna Held.

Supporting the star triumvirate are such players as Virginia Bruce, Frank Morgan, Ned Pendleton, Reginald Owen, Jean Chatterton, Ernest Cossard and Herman Bing.

The entertainment value becomes a Parade of Ziegfeld, for the cast also features such world famous entertainers as Fanny Brice, the ruling American comedienne; Harriet Hooton, whom Ziegfeld acclaimed the Pavlova of America; and Ray "Rubber Legs" Bolger, Broadway dancing star.

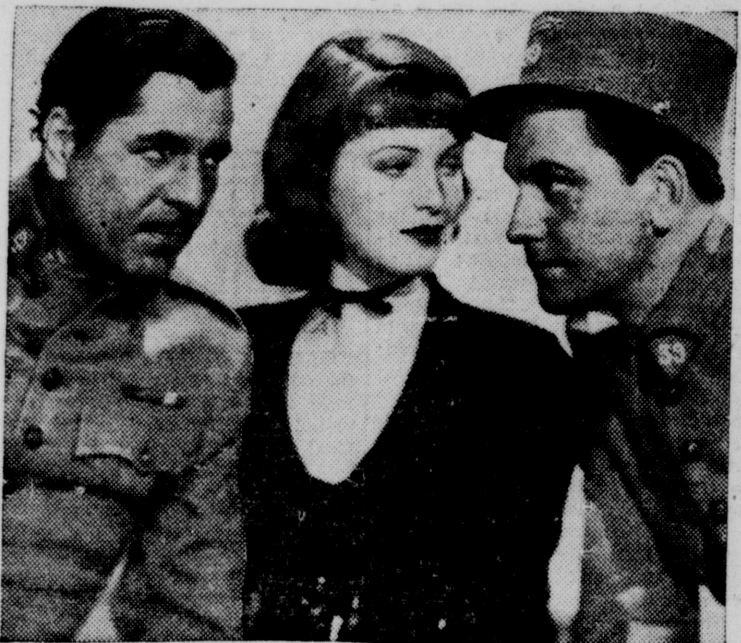

Also through the story march impersonations of such memorable characters as Will Rogers, Eddie Cantor, W. C. Fields, Bert Williams, Nat Wills, Lew Dockstader, Lee Shubert, Joseph Urban, Irving Berlin, George White and Charles Frohman.

The screen play of "The Great Ziegfeld" was written by William Anthony McGuire, also formerly associated with Ziegfeld, and the new song numbers were written by Walter Donaldson and Harold Adamson.

## ATTACKS AT LOCAL THEATERS

"Bullets or Ballots," starring Edward G. Robinson and Joan Blondell, comes to the State theater Sunday and Monday. It is a thrilling adventure picture of a war of wits against leaders of the crime trust.

Warner Baxter, June Lang and Frederic March, headlined in the cast of the great romantic drama of the World War, "The Road to Glory," will be seen in that outstanding entertainment-value picture at Walker's four days starting Sunday.

## Jimmy Fidler in HOLLYWOOD

HOLLYWOOD, Oct. 30.—Unvarying comment of studio visitors (business men in particular) is that there is much apparent waste of man-power on sets. "Three or four men doing one man's work," a banker said to me one day, as if I could not see for myself. He regarded this as obvious evidence of inefficient studio management, and thousands more visitors no doubt have held the same opinion.

But waste of man-power is actual economy. During production of a picture, "time" is the most valuable element; far more costly than labor. One electrician, for example, could easily operate a dozen studio lights surrounding a large set, but he would waste so much time walking from light to light that he would slow production perceptibly; costly minutes would be wasted.

Let me explain it this way: The average picture costs \$250,000, requires 25 days to produce; six, \$10,000 a day, \$1500 an hour.

Four electricians working on union scale can save a studio one hour a day, and four electricians cost less than \$50. So the profit from seeming waste of man-power is about \$1200 a day, or \$30,000 per picture. Any banker will admit this is sound business.

Roscoe Karns, proud of his newly learned Spanish, visited Mexico the other weekend and found himself surrounded by native fans who pined him with questions. One asked how long he had been married and how many children he had. Karns, using his very best Spanish, explained that he had been married seventeen years and had two children, at which the crowd burst into uproarious laughter and cheers. Not until he returned to Hollywood and received letters from English-speaking natives did Roscoe learn the reason for the outburst. He had informed them (in his very best Spanish) that he had been married two years and had seventeen children!

If you have doubted my previously expressed opinion that Joan Crawford is serious about going on the stage, here is more conclusive proof. At her home last evening, she showed me her massive library of play scripts. She and Franchot Tone have been collecting for three years, and now have secured scripts of every successful stage play produced in New York since 1906. The two of them act out principal parts in their own backyard theater, where they spend countless hours—nights, Sundays, holidays, between pictures.

Another small secret Joan confided to me: Leslie Howard has almost persuaded her to make her stage debut with a provincial theater group in England. He has told her that she would receive less publicity and practically no intense criticism. His guaranty that she would receive little censorship attracts her; you know, Joan cringes from public opinion.

The millions Halle Selassie took with him, after abdication, were just a little something he had put aside in case the rainy day didn't show up in time.

## MARION TALLEY SHIRLEY FILM AND BARTLETT "DIMPLES" NOW STAR IN FILM AT BROADWAY

Eleven songs—solos, duets and choral numbers—ranging from plaintive Negro spirituals to classical operatic arias, intermingled with Victor Schertzinger's newest musical creations, provide the glorious musical entertainment in "Follow Your Heart," which opens at the Fox West Coast theater tomorrow.

Marion Talley and Michael Bartlett are co-starring in this musical masterpiece.

"Follow Your Heart," the theme song is sung by Talley and Bartlett and a mixed chorus of 100 dancers.

Two solos by Miss Talley include "Je Suis Titiana," an aria from "Mignon"; and the Page aria from "Les Huguenots."

Bartlett sings "Magnolia in the Moonlight," "Ah Maria," and an old English hunting song, assisted with the first two by the girl dancers.

Both sing selections from "Les Huguenot."

The repertoire of the Hall Johnson Negro chorus, famous for its four years on the stage with "Green Pastures," includes: "Who Minds 'Bout Me," "This Old Hammer Killed John Henry," and several cotton field spirituals.

The new Schertzinger numbers are "Follow Your Heart," "Who Minds 'Bout Me," and "Magnolia in the Moonlight."

The costumes worn in "Follow Your Heart" represent the most beautiful period of dress in world history, "according to Robert Ramsey, designer and chief of the studio wardrobe department.

"It's that period between 1830 and 1860, since referred to as the Beau Brummel or 'La Boheme' era," he said. "It was then the dress suit was originated for men—tails, tight legs, flowered waistcoats and ruffled shirt fronts."

Morgan has a penchant for other people's belongings and his nimble fingers fasten on anything of value with which they come in contact. His peccadilloes eventually lead him into trouble but he goes scot free through Shirley's winsome smiles and pleas.

With Shirley mothering and caring for the irresponsible scamp, the film moves through its highly entertaining story, climaxed with Shirley being cast in the starring role in a presentation of "Uncle Tom's Cabin."

"Dimples" is a picture that will prove pleasing to all of the family.

New York state conservation department reports that squirrels are attacking homes all over Buffalo. We are not aware that it was a Black Legion center.

The news reel which completes the bill brings important events from all parts of the world.

## County Clubwomen Stage Mid-Year Conclave Here

"Like a quiet benediction," to quote Mrs. Archibald Edwards, president of Orange County Federation of Women's clubs, was the address of Virginia J. Esterly, counselor of human relations at Scripps college, which yesterday's mid-year county federation convention was closed in Ebell clubhouse.

Mrs. Esterly's introduction by county president, followed a short musical interval at the afternoon session in Ebell auditorium. The speaker chose the Twentieth Psalm as a basis for her address, and in developing its beautiful thoughts, gave emphasis to the need of seeking and attaining new spiritual values. Clubwomen in discussing the talk at the day's conclusion, were impressed by its restful qualities in the midst of prevailing national and world turmoil, no less than its heart-searching beauty.

**Fine Attendance**  
Alert and interested clubwomen on every point in the county were assembled for the day's events beginning at 10 o'clock. In advance of this hour, federation officers held a routine board meeting under Mrs. Edwards' leadership.

Of more general interest were the events of the morning business session called to order by the president, and with flag salute by Mrs. F. A. Martin, president of Woman's club of Santa Ana. The Rev. Julia N. B. Long, pastor of the First Baptist church, offered invocation, after which Mrs. Fred C. Rowland, Santa Ana Ebell president, voiced that society's welcome in gracious, friendly fashion. Mrs. R. G. Miller, county vice president was no less happy in phrasing her response.

Committee reports of the forenoon included two in somewhat different form. Mrs. S. W. Standen, county legislation chairman, summarized the amendments on the November ballot, explaining each clearly and concisely. Miss Leah May, newly appointed county art chairman, responded to Mrs. Edwards' request by reading a number of her arresting poems, some from her book, "Bucaniers' Gold," increasing interest in this phase, Miss May's poems, "Where the Santiago Flows," as sung by Holly Lash Visel, with the music composer, Miss Dorothy Mayhew, at the piano. Mrs. Visel then led in general singing of the composition. Miss Mayhew returned to the afternoon session to repeat the song for the clubwomen, led by Mrs. Edwards.

**Election of a nominating committee** was of importance, with Mrs. Emrys D. White, Santa Ana, chairman, and her committee members, Mrs. A. H. T. Osborne, Fullerton; Mrs. R. D. Temple, Buena Park; Mrs. Ila Dabney, Huntington Beach; and Mrs. King Johnson, Newport. There was discussion of candidates for office as well as Newport Beach Ebell endorsed Mrs. C. M. Deakins for the post of auditor, while Orange Women's club endorsed Mrs. C. C. Bonebrake for office. The federation took action on endorsing Mrs. Albert J. Launer, of Fullerton, for vice president in the California federation.

**Luncheon Program**  
The morning session closed with the forum conducted by Mrs. Bonebrake on "The Modern Clubwomen—Her Loyalty to Home, Community and Nation." This brought out valuable and interesting information as various clubwomen took part.

In the interval between the morning business and afternoon program featuring Mrs. Esterly, Mrs. Henry S. Williams and her Thursday Evening Literature section members were hostesses at a delightful luncheon in the peacock room. The young matrons forming this group were complimented both upon the tempting menu, and the beauty of the flower arrangements.

The hostess society's contribution to the entertainment of visiting clubwomen included also a musical program in connection with the luncheon hour. Those delightful little Burks sisters had been excused from school to present this program, and sang, recited and played in such a manner as to quite win the hearts of the visitors.

These talented little colored girls are daughters of Mr. and Mrs. LeRoy Burks, 1411 West Fifth street. Anna Mae, the eldest, played piano numbers; Dora Lee gave readings; Cecilia June, the youngest, played the violin, sang "Little Man" and with Marvel and the two older sisters, sang a group of spirituals, "Swing Lo Sweet Chariot," "Steal Away and Pray," "In My Savior's Care" and "Don't You Want to Meet Your Mother Over There?"

The next event of general club interest will be the thirty-fifth annual convention of Southern District federation to be held in Palm Springs November 17, 18 and 19.

**Luncheon Program**  
The morning session closed with the forum conducted by Mrs. Bonebrake on "The Modern Clubwomen—Her Loyalty to Home, Community and Nation." This brought out valuable and interesting information as various clubwomen took part.

In the interval between the morning business and afternoon program featuring Mrs. Esterly, Mrs. Henry S. Williams and her Thursday Evening Literature section members were hostesses at a delightful luncheon in the peacock room. The young matrons forming this group were complimented both upon the tempting menu, and the beauty of the flower arrangements.

The hostess society's contribution to the entertainment of visiting clubwomen included also a musical program in connection with the luncheon hour. Those delightful little Burks sisters had been excused from school to present this program, and sang, recited and played in such a manner as to quite win the hearts of the visitors.

## Wait A Minute

Loyal Britons maintain a reverent silence when the picture of the monarch, King Edward VIII, is flashed on the screen. Our authority for this comes from Ethel and Malcolm Macurda, who saw this respectful attitude in Vancouver, B. C. when they were north on that recent jaunt of theirs. . . . How does this compare with the display of feeling which greets America's national figures when they talk in news reels? Whether we are fur or again in, we owe our chief executive the courtesy due the office to which we ourselves elevated him. . . . Frinstance Claudia (Democrat) Worswick and Edith (Republican) Cloyes were crying together yesterday at the women's club convention in Ebell clubhouse. Quoth Claudia, "I hope my candidate wins. Edith hopes hers does. . . . Which ever wins, our personal friendship is undimmed—and after election the winner will be OUR president." . . . Wasn't it the Widow Bettel who was so fond of saying "Them's our sentiments tew?"

Virginia and Dana Lamb are home from that three-years' honeymoon that has been described the nation over, and despite months of wandering through Mexican deserts and jungles, Virginia's voice still has that engaging little girl quality over the telephone. . . . Carolyn Cushing tries to keep from flourishing her left hand around, but she can't disguise the diamond she's wearing on it. . . . Wedding bells will ring tomorrow. . . . Four happy couples that we recall, Elizabeth Wassum and Ernest Waitze. . . . Thelma Glascock and Dean Morehouse. . . . Evelyn Barnes and Edmund Clarke. . . . Eloise Bradley and Walter Limbaugh. . . . Ruth (Teacher) Rowland was afar in the Hawaiian Islands when Niece Jean Rowland and Wade (Tulsa) Cargile said "I Do" and she was so homesick that only the beauty of her surroundings cheered her sufficiently to send off a cable of good wishes. . . . Some of these present day bridegrooms must have heeded the sage advice to gaze at mama if they wanted to see what daughter would look like in another twenty years or so. . . . William Rees (Quaker) Mendenhall frinstance when he chose Helen Bower 'way back in June and spirited her off to Buffalo where were told there are some right nice waterfalls. . . . Bard (Doc) McInerney partying there, and solemnly assured by the hosts that the sunflower decorations "didn't mean a thing." . . . Joe (Community Players) Peterson sporting his young son around down town and trying not to look too proud. . . . Joe included also in a foursome sailing affair of the universe down in Santa Any high school corridors, the others being Jack (Community Player-Teacher) Swarthout, Hazel Nell (Teacher) Bemus and Walter (Teacher) Prill. . . . Miles ("Moose") Norton pledging Sigma Chi up at U. S. C. while his pretty red-headed g.f. Dot (Spinster) Tedford holds the fort at home. . . . Easy to envy—Alma McClain with her lovely figure and fine carriage. . . . Easy to look at—Beth and Don (Attorney) Harwood, both with that molasses candy hair and sublimely sun-tan. . . . Hard to hear—Grace Elizabeth (Supt. of Nurses) Lansing, stating that she doesn't like Wait a Minute, and wishes the space were given over to Patchwork Quilt.

The Getty family was well represented at Queen Sabe Dancing club, what with J. W. E. (Doc) Paul and Blanche and "Jimmie" Liebig are planning to leave the first Tuesday after the first Monday (figure that out) in November for Mexico City. They are going to follow that much advertised new automobile trail in the Liebig horseless carriage. . . . Grace and Earl Lepper are going to move from way down south (on Maple street) to 928 Louise street sometime in December when the new home is completed. Housewarming plans already underway we hear. . . . Florence (Mrs. Gene) Robinson inquires plaintively if anybody has seen her favorite white felt hat. She lost it while she was Community Chesting over in the eastern part o' town and wonders audibly—and almost tearfully—if any of those orange growers saw it—and thought it was a new kind of scale. . . . That was a becoming blush, Furr (Service Station) Underwood, but why blush just because you were gentlemanly enough to give your coat to a little gal that got caught in the rain? . . . Disconcerting situations. . . . Two gals at the recent Jaycee faculty reception, when their escorts, Vic (Prexy) Rowland and Bob (Editor) Swanson admitted they don't dance. . . . ## Generous Fare Planned For Ebell Members' Club Year

"A feast of reason and flow of soul" for Ebell society of Santa Ana Valley, introduced with the hors d'oeuvres of Mrs. Jack Valleys book reviews and current events discussion, and a first course of the delightful Padua Players, will continue in November with quite as interesting a second course, the evening meeting of Monday, November 9, at which husbands will be guests of honor.

The fare on this occasion will be provided by H. V. Kaltenborn, veteran news commentator of the Columbia Broadcasting system, whose theme for the evening, will be "We Look at the World." In this, he will present one of his clever analyses of problems of today, both at home and abroad. It will be interesting to clubwomen and their prospective guests to know that Mr. Kaltenborn spent the past summer in Spain as accredited correspondent from both armies, and broadcast over an international hook-up from both Spain and France. He was one of the principal broadcasters at the two great political conventions of recent date, so his familiarity with national affairs is no less comprehensive than with international ones.

**Founders' Day**  
Next on this mental bill of fare, will come the annual observance of Founders' Day when Ebell society pays tribute to those far-seeing women who organized the society in 1934. Lillian Burkhardt Goldsmith has been secured for this afternoon program and will read a play of current interest.

December's Christmas observance by the society will feature the Tudor Singers in Elizabethan ballads and Christmas carols. These singers are trained by John Smallman, whose first claim to fame was from his remarkable a cappella choir. Smallman was a recent Santa Ana honor guest of Musical Arts club, and was accompanied by one of the members of Tudor Singers, Frances Warren Haynes.

On January 18, the "Inimitable Johnsons," Martin and Osa, his wife, will bring "Borneo in Motion Pictures," a thrilling portrayal of some of their world-famous travel adventures. This meeting is to be held in the new high school auditorium in order to permit interested Santa Anas to share it with the clubwomen.

As the winter wanes, Ebell society will feature an afternoon of poetry, for in February will be introduced Joseph Auslander and Audrey Worleman, Miss Worleman's volume of poems, "Bright Ambush," won for her the Pulitzer Poetry prize in 1934. She comes by her gifts honestly, for she is a direct lineal descendant of Percy Bysshe Shelley. In private life, Miss Wordeman is Mrs. Joseph Auslander, so she is related to the field of poetry both by birth and by marriage.

**Spring Plans**  
March will bring Hills Lory, formerly of the faculty of the Imperial University of Japan, and of Stanford University, and a recognized authority on the Far East. In April will come Maurice Hindus, world traveler, lecturer, and author of such significant books as "Humanity Uprooted," "Red Bread," "The Great Offensive," and others. His successful appearance on the Ebell platform a year ago, insured keen interest in his return engagement. May program attractions include Brother Leo, former chancellor of St. Mary's College, prominent educator, author and lecturer, and noted for his gift of eloquence. This is so well recognized that he was asked to deliver the baccalaureate address in May at University of California.

In between these substantial dishes of the "feast for clubwomen," will be the appetizing tidbits of Mrs. Valleys' reviews from time to time through the Ebell year.

Thomas Barn is Scene  
Of Birthday Joys

When little Miss Shirley Ann Thomas celebrated her sixth birthday anniversary recently, she was joined by a group of friends who were thrilled indeed when they found that festivities were to have their setting in a fascinating old barn.

Scene of so many parties at this time of the year, the barn is located at the ranch home of Shirley Ann's parents, Mr. and Mrs. Eugene Thomas on Newport road.

Decorations of the fall season provided a colorful setting for events of the afternoon. Little Miss Shirley Ann was kept busy for some time unwrapping the many birthday packages which her playmates had brought her.

At the close of games, guests were invited to find places at a long table decorated in orange and black. Birthday cake was served with ice cream and other delicacies which are favorites with children.

## CHILDREN'S MAGAZINE

For the information of mothers of young children who might be interested in a well written, well designed magazine suitable for boys and girls of four to a dozen years of age, it might be well to call attention to Children's Play Mate, published by the A. R. Mueller company, Cleveland, Ohio. The current issue is a Halloween number, filled from cover to cover with gay little stories, poems and games, and with especially clever illustrations. "Children's Play Mate" seems to have stories that are written to appeal to youthful readers, yet by no means "written down" to a child intelligence. There are party suggestions that children may put into service for themselves; there are very pretty color illustrations, pages of pictures which small folk may color for themselves; magic tricks; play time plans for girls and a similar department for boys; puzzle pages and drawing pages, and finally "Everybody's Mail Box" with letters from youthful subscribers.

Evening Wedding Has  
Setting in Chapel  
Patio

Moonlight and candle glow brightened the patio of Santa Ana Wedding chapel last night for a ceremony uniting in marriage Miss Katherine Jane Watson, daughter of Mr. and Mrs. Henry D. Watson, of Placentia, and Clyde Payne, of Long Beach.

Sixty guests assembled for the rites, read at 8:30 o'clock by the Rev. Earl C. Bloss. A feature of the service was the pastor's blessing of a ring which was tied to one of the ribbon streamers showering from the white Bible carried by the bride. The gold band originally had been worn by the bride's great-grandmother.

Mrs. Raymond Warren was at the piano for selections including the wedding marches. William Robinson, of Long Beach, was best man, and ushers were William Latta and Harry Ebling.

The bride wore a white satin gown with an elaborate jacket fashioned of lace and satin. Her finger tip veil fell from a cap arrangement, touching the folds of a long train which swept to the floor.

Maid of honor was Miss Clara-belle Solosee, of Placentia, who carried roses in turquoise blue and carried roses. A frock in the same hue was worn by little Miss Charlotte Day, flower girl.

Other attendants were Miss Myran Emlich, of Long Beach, and Miss Dorothy Solosee, of Placentia, in rose taffeta frocks with bouquets of pink roses, and Miss Rene Schook, of Fullerton, in rust taffeta with a cluster of Talliesman roses.

## Reception

The ceremony was followed by a reception in the Watson home in Placentia. The newly-married couple left for a honeymoon trip to San Francisco, the bride wearing a black suit fashioned with three-quarter length coat, and a gardenia corsage bouquet.

On their return to the Southland, the new Mr. and Mrs. Payne will make their home at 1070 Loma street, Long Beach. ## Girl Scouts

## Annual Service

Culminating the local observance of National Girl Scout week will be the annual worship service tomorrow morning at 11 o'clock in United Presbyterian church, where the pastor, the Rev. E. Thanksgiving Wedding  
Is to Be Sequel  
To Journey

When Miss Bernice Cahill departs from Santa Ana next Friday evening for Kansas City, Mo., she will carry with her the good wishes of a host of friends in this city, who are doubly interested because they know that her journey will have a romantic sequel.

For Miss Cahill will be a Thanksgiving season bride of Pat Carroll of Kansas City, and one of the friendly parties complimenting her before her departure, was planned by Mrs. Grant Sommerville, as a gift shower with her future home in mind. Mrs. Sommerville entertained in her home, 1231 South Main street, where the program of games was staged against a background of vivid autumn flowers.

After award of prizes to Miss Helen Cahill, Mrs. Hazel Brunell and Mrs. Herbert Bowe, the hostess prepared card tables with pretty appointments for serving pineapple whip, French apple pie and coffee. She was assisted by Mrs. James Klepper and Mrs. Thomas McKinley. The climax of the afternoon, a shower of miscellaneous bridal gifts to Miss Cahill, came as a complete surprise to her.

A little party of her friends are planning to accompany Miss Cahill to Los Angeles next Friday evening and speed her on her romantic journey. She has been employed with Miss Ruth Jenkins for the past year.

Mrs. Sommerville, entertaining in her honor, numbered among guests in addition to Miss Cahill, Mrs. Edward Vandy, Mrs. Herbert Bowe, Miss Ruth Jenkins, Miss Estelita Rae Bollen, Mrs. Lawrence Cruzen, Mrs. N. D. Cash, Mrs. Thomas McKinley, Mrs. Morey Dugan, Mrs. Hazel Brunell, all of this city; Mrs. James McKinley of San Gabriel; and Miss Helen Cahill of Anaheim.

## "CANNOTS OF Unregenerate Life"

We shall consider the "CANNOTS" or the impossibility of the natural man gaining Salvation or Eternal Life apart from Jesus Christ our Saviour.

### The Unregenerate Cannot See the Kingdom of God

A man of the Pharisees, name Nicodemus, a ruler of the Jews, came to Jesus by night and asked the way to obtain Salvation or the way to Everlasting Life. Jesus answered and said unto him: "Verily, verily, I say unto thee, except a man be born again, he CANNOT SEE the Kingdom of God." Christ was not speaking to Nicodemus about reformation of the old nature, but a creative act of the Holy Spirit. Of course Nicodemus could not understand all the Master was telling him. Paul, in his first Epistle to the Corinthians, writes that "the natural man receiveth not the things of the Spirit of God for they are foolishness unto him; neither can he know them, because they are spiritually discerned."

### The Unregenerate Cannot Enter the Kingdom of God

Jesus again speaking to Nicodemus says: "Verily, verily, I say unto thee, except a man be born of water and of the Spirit, he CANNOT ENTER into the Kingdom of God." That which is primarily intended here is to show that the Spirit, in sanctifying a soul, cleanses and purifies it as water, takes away its filth, by which it was unfit for the Kingdom of God. It is the washing of regeneration. At first we note that the natural man CANNOT SEE the Kingdom and here we have Christ's own words again saying that the natural man CANNOT ENTER.

### The Unregenerate Cannot Please God

Because the carnal mind is enmity against God; for it is not subject to the law of God, neither indeed can be. So then they that are in the flesh CANNOT PLEASE GOD. (Rom. 8:7-8) A soul that is carnal is a dead soul, dead as a soul can die. "She that liveth in pleasure is dead," not only dead in law as guilty, but dead in state as carnal. So one that is carnal is working against God and CANNOT PLEASE HIM. He is not only an enemy, but enmity itself,

and needs the New Birth to bring Life.

### The Unregenerate Cannot Serve God

"No servant can serve two masters; for either he will hate the one and love the other; or else he will hold to the one and despise the other. Ye CANNOT SERVE GOD and mammon." (Luke 16:13) We have no other way to prove ourselves the servants of God than by giving up ourselves so entirely to His service as to make mammon, that is all our worldly gain, serviceable to us in His service. If a man will love the world, and hold to that, it cannot be but he will hate God and despise Him. He will make all his pretensions of religion truckle to his secular interests and designs, and the things of God shall be made to help him in serving and seeking the world. So divided are their interests that their services can never be compounded. If therefore we be determined to serve God, we must disclaim and adjure the service of the world.

### The Unregenerate Cannot Rest

"But the wicked are like the troubled sea, when it

CANNOT REST, whose waters cast up mire and dirt. There is no peace saith my God, to the wicked. (Isa. 57:20-21) The wicked wherever he is, carries about with him the principle of his own uneasiness and is like the troubled sea. God heals those to whom he speaks peace, but the wicked will not be healed by the Grace of God and therefore shall not be healed by his comforts. The terrors of conscience disturb the enjoyments of the wicked and cast forth such mire and dirt as make them a burden to themselves. My God hath said it, and all the world cannot unsay it, "that there is no peace or rest to those that allow themselves in any sin." What have they to do with peace and rest?

In conclusion we see that Regeneration is absolutely necessary to our happiness here and hereafter. Reading the above Scriptures, it would seem to the natural man that there is no hope and that it would be impossible to gain Eternal Life and become a new creature. With man it is impossible, but with God all things are possible. Jesus hath said: "I am the Way, the Truth and the Life; no man cometh unto the Father but by Me."

## Reflections

By HAROLD B. BROWN

They said: "It couldn't be done!"

Whenever it comes to education there isn't a man who isn't willing to give his children his last cent. He knows the value of education or he realizes the handicap of illiteracy.

The bonds which were passed in last week's election were the mailed fist to illiteracy. They demonstrated beyond question that Santa Ana is appreciative of her fine institutions, but thrifty too, to have picked a plan of refinancing her bonded indebtedness.

When our schools were damaged, our County officials did not quibble over per cents, they went to work. Now the populace has placed a stamp of approval on the cutting of Red Tape at a crisis. Our engineers, supervisors and all those men responsible for their immediate response to an emergency, should have and do now enjoy the hearty "Thanks" of their fellow towns people.

Brain Twizzlers

By Prof. J. D. Flint

During an epidemic of guerrilla warfare in one of the "banana" countries a courier was hiking along a lonesome road at the rate of 4 miles per hour. Ahead of him he saw a small, burrow-drawn cart which he knew was an enemy dispatch-bearer in disguise. In order to have a sniper stop the cart it was necessary to know the speed. When the courier first saw the cart it was just 220 yards ahead of him. He overtook the cart in 15 minutes and passed on ahead to give information to his officers. How fast was the cart travelling?

A pot-luck supper was enjoyed at the Y. W. C. A. rooms recently by ninth grade Girl Reserves and Miss Anderson, their leader.

The evening was spent in playing ping-pong and dancing. Members attending were Beth Mitchell, Carroll Miller, Lella Brown, Madeline Swenson, Helen Tibbals, Josephine Reuter, Hollis Tibbals, Helen Latham, Mary Markel, Elizabeth Tipple, Audrey Johnson, Lois Green, Virginia Watkins, Wanda Sinner, Verna Woodman, Lucille Crawford, Barbara Preininger, Jean Conliffe, Marion Kenyon, Frances Page, Mary Lou Mann, and Betty Ellen Mitchell.

Lucille Crawford was elected president of Girls Athletic club at the first meeting held in room 105. Lillian Breaux is the new vice-president, and Isabelle Relistab, reporter.

Plans were discussed regarding applications of new members. Girls wishing to join the club must meet the following requirements: 350 team points, good scholarship, citizenship and ability.

New members are Barbara Flower, Marietta Brown, Geneva Sawyer, Mary Catherine Friend, Anne Cazares, Dorothy Eley, and Marion Kenyon.

In the eighth grade electric shop class, under direction of Mr. Hicks, Donald Lieberman and Ralph Guldor are making new handles for soldering irons, files and other articles. Billy Gordon has made a new flour scoop that is on display in the show case in the shop building.

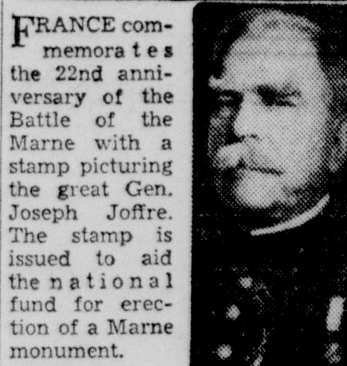

Lately the smell of burning wood has been coming from the shop windows. Students have completed their electric wood burning tools and are busy burning their names on many different objects.

In the ninth grade Jack Harper and Howard Walton are leading the class, with De Lucy Cook and Ralston Anderson close behind. The class is doing experiments, and then answering questions, which are put into note-books.

Stamp News

FRANCE commemorates the 22nd anniversary of the Battle of the Marne with a stamp picturing the great Gen. Joseph Joffre.

The stamp is issued to aid the national fund for erection of a Marne monument.

France also has jumped the gun for 1937 issues with a series of six stamps calling attention to the World's Fair to be held in Paris next year. The stamps are in two designs.

The 16-cent blue special delivery airmail stamp of the United States is off the Philatelic Agency list and may be expected to rise quickly in value. The agency also has withdrawn the Connecticut Tercentenary stamp from sale. More than 70,000,000 of these were issued.

Cuba commemorates the 100th anniversary of the birth of its great leader, Gen. Maximo Gomez, who fought for independence from Spain, with five regular postage stamps, one special delivery, and two airmails. Cuba also has issued a set of three values commemorating the fourth centenary of the creation of the sugar industry.

Sheets of six stamps each, in the 15d and 1d values, are being issued by South Africa in connection with the stamp exhibition at Johannesburg. Each stamp is overprinted, "Jipex, 1936."

### FATHER TIME

The old kitchen clock  
On the mantle  
Demurred  
As I turned its clumsy key.

"I am old and weary . . .  
Have I not kept the faith,  
Ceaselessly  
Counting the hours,  
Recording  
The births of your children,  
Marriages and deaths of your  
loved ones?"

In the stillness of the night  
I have seen sorrow stalking  
Alone.

I have measured the seasons well.  
In this room I have watched over  
a woman . . .  
Singing a lullaby  
To the rhythm  
Of a creaky rocker  
And a loose plank in the floor.  
Have seen her face alight  
Over the first crocus blossom.  
Then tired and worn over the  
harvesting . . .  
Lonely in the winter.  
Only my constancy for companion.

Many times  
My minute hands have gambled  
On that second  
That hovered between Life and  
Death . . .  
And I found,  
The tears of a mother  
Held the winning hand.

The very old are deaf  
To my pleadings.  
Why are they so loath to go?

I have smiled on Youth,  
On Romance and Love.

Peter and Anne  
Came to say goodbye.  
They knew  
That I would understand.

Do not be so solicitous . . .  
Must I go on  
Endlessly?"

## A SOUND PRACTICAL CREED

Governor Landon, in his New York speech, certainly set forth a sound, practical creed. Those Democrats who contend that Landon has only found fault with Roosevelt and has made no suggestions or programs have no basis for this contention after reading this speech. He said:

"I believe in our constitutional form of government—a government established by the people, responsible to the people, and alterable only in accordance with the will of the people."

"I believe in our indivisible union of inextinguishable states."

"I believe in the American system of free enterprise, regulated by law."

"I believe in the liberty of the individual as guaranteed by the Constitution."

"I believe in the rights of minority as protected by the Constitution."

"I believe in the liberties secured by the Bill of Rights and in their maintenance as the best protection against bigotry and all intolerance, whether of race, color or creed."

"I believe in an independent Supreme Court and judiciary, secure from executive or legislative invasion."

"I believe that in the future, as in the past, the hopes of our people can be realized by following the American way of life under the American Constitution."

Landon has definitely gone on record as believing in the rights of the minority as protected by the Constitution. Roosevelt does not believe in these rights or he would never have signed the AAA that prohibits a man from raising six bushels of potatoes without the consent of the agents of the President of the United States; nor did he believe in the rights of the minority or he never would have signed the NRA which made it illegal for a man to press a pair of pants at any other price than that specified by the agents of the President of the United States. Had these laws not been made void by the Constitution there would have been no individual rights. Roosevelt has never, as yet, admitted that these were mistakes or that he would not do as his son said, try to reenact them into law.

This is a fundamental principle that everybody will be obliged to decide on November 3. It is the most important election since the Civil War. Those who believe in a totalitarian state should vote for Roosevelt; those who do not, should vote for Landon.

ELEVENTH HOUR POLITICAL  
ATTACKS

Seldom, if ever, do last minute political attacks against a candidate get the results expected. Voters as a whole like to see a fair contest and resent anyone "hitting below the belt". It is only natural for those who like clean politics to come to the assistance of those who do not have an opportunity, on account of time, to explain last minute insinuations and innuendos.

Every good citizen in Orange county should be on his guard against eleventh hour attacks against any candidate for office. Any political ad, attempting to elect or defeat any candidate, in any medium that does not have the signature and address of some responsible citizen is a violation of the laws of the State of California. The reason for lack of signature is invariably because the statements made in the propaganda are unfair and untruthful and no person of integrity will assume the responsibility for same.

MEN WHO DEFY CUSTOM ARE NOT  
ALWAYS GOOFLY

The World War veteran who used his bonus money to build a seagoing barrel, and who forthwith set out to cross Lake Erie from Buffalo to Cleveland to find out if the "craft" would do for a trip across the Atlantic, seems to have at least one of the qualities that go to make a great man.

Bad weather got the better of him on his trial trip and coast guards had to tow him ashore. Stepping on the dock, he announced:

"I'm not giving up. The world thinks I'm goofy. I think the world is goofy. Now it's a contest to find out who's right."

This inventive gentleman may never persuade the seagoing world that barrels are destined to replace more orthodox craft, but he does have the right spirit. He is blood brother under the skin to a long list of great men, from the Wright brothers to that first inquisitive caveman who decided to try cooking his meat instead of eating it raw. The contest we can do is give him a bow.

For any brave soul who sets out to do something in a different way than custom and the habits of mankind dictate has to acquire a certain amount of mind similar to that of this Buffalo veteran.

He has to admit that the world thinks he is goofy, and he can comfort himself only with the thought that it is really the world that is goofy.

Sooner or later he has to step forth, try out his idea, and find out who is right. There is something irritating about these men. We learn in the hard school of experience, and by the time we become adults it is pretty well bumped into us, that the world as a whole is a good deal wiser than we are as individuals. Its knowledge is greater than ours; the way it does things must be the right way.

So we find the fur standing up on the back of our neck when we behold some brash person who thinks he knows more than does the world at large.

He is a rebel, he dares to pit his own little brain against the collective wisdom of the

ages—and he gets our goat. The fact that once in a blue moon he turns out to be right is apt to make us all the madder.

But in the long run all the progress we make is due to these rebels. Columbus was one, and Watts, and Pasteur and Galileo and Edison, not to mention those nameless souls who invented the wheel and learned how to make fire and discovered the principle of lever and pulley.

So—when you run into a goofy soul who thinks that it is the world, and not himself, that is goofy, walk softly and carry your hat in your hand.

He may be as mad as a roomful of hatters, but he is moving in the great tradition. And there is always that one chance in a thousand that he is right.

## MARTIAL MUSIC

A New York City orchestra leader has appealed to other baton-wielders not to play martial music, as a means of staving off another great war.

The musicians believe that war-like strains arouse civilized man's worst instincts and stir peace-loving citizens to frenzy.

There is probably something in what he says. Many Americans who enlisted in the World War, or contributed to war funds, may have been under the influence of patriotic strains heard everywhere in those days.

Banning martial music during troublous times, therefore, might aid the cause of neutrality. But if the man's plea means devitalizing the music of peace-time parades, he will probably meet a storm of objections. For one of the main reasons we all love a parade is its pulse-stirring music.

And football fans would frown on dropping the "Fight, team, fight," song for some less militant air.

## OWL AND THE CUCKOO

With "de-bunking" going on right and left, one has to be careful what he says nowadays.

For instance, in complimenting a friend, one might remark, "Boy, you're as wise as an owl." If the friend is versed in his up-to-minute ornithological lore, he may plunk the well-meaning one in the eye. For a recent news item revealed that the owl, far from being the sage creature of fable, really is a dead mental loss. "He doesn't say anything because he doesn't know anything," was the consensus of those who gave the bird the bird.

Nor is it wise, we learn, to tell anyone that he's "crazy as a cuckoo." According to a statement just issued by the National Parks Service, Zion National Park cuckoos flock to the park entrance to greet big eastern cars and dine on the grasshoppers and insects stuck in their radiators. And, say the Biological Survey, cuckoos "lay their eggs in the nests of others, force other birds to eat their young and—gets away with it." Hardly crazy—what?

## WHY BETTER TIMES?

Newton D. Baker, former Secretary of War under Wilson, said, "I will take the contract to make the United States look prosperous just as long as the Federal credit lasts if somebody will give me access to the Federal credit."

This statement was made by Newton D. Baker at Arcadia Hall, Brooklyn, November 1, 1932.

This is not prosperity; in fact, it is only a "shot in the arm" stimulant as a result of the federal administration already dissipating more than 30 per cent of all the savings of people in the United States who have their savings in the form of life insurance or in other credits since the present administration went into office.

It was the dissipating of the savings of people by inflation that caused the panic of 1929. Everybody, prior to that time, thought we were prosperous but when we found how much of the apparent prosperity was only paper profits, then the very foundation of our government trembled.

The comparative conditions of employment now and in March, 1933, are not a basis on which to cast a vote. It has been bought at entirely too high a price and the suffering and misery that is bound to follow every period of inflation is to be considered before we decide whether we are going forward or backward.

## UNAMERICAN PROJECT

Once again we read of some misguided American trying to raise a private army in this country after the manner of German and Italian Fascists.

This time it was a New Yorker. He was out to enroll some 800,000 men who would be uniformed, drilled, and equipped with rifles, and who, it was reported, would stand by to combat "the growing influence of Jews and Reds."

The mere idea of a high-pressure, irresponsible, strong-arm outfit such as this would make cold shivers run down one's back if it were not for the obvious fact that nobody can put such a thing over in this country.

Friendship that flows from the heart cannot be frozen by adversity, as the water that flows from the spring cannot congeal in winter.

—J. F. Fennimore Cooper.

## The Open Season For Pranks

## Register Clearing House

(The articles under the Clearing House are published for the purpose of an exchange of ideas and are not necessarily the opinion of this newspaper. Contributors are urged to confine their articles to 300 words.)

Editor, Register:

It has been a political custom to "point with pride" and "view with alarm;" but never were so many false alarms as now.

1. The Republicans and economic royalist Democrats collected every possible issue—animal, vegetable, and mineral—and offered proposals sweetened to everyone's tastes; such as: Balancing the budget, while furnishing relief and reducing taxes; higher prices to the agriculturists for fruits, farm and dairy products, but lower prices therefore to the housewives—about as feasible as finding pure white black birds. Not daring to run on their own records, they purloined a few planks from the Democratic Progressive tent, and that due to issues, planks and claims are supplemented by a choice variety of political hoaxes. All serve as a build-up for a campaign of make believe.

2. Danger signals by Hamilton and Knox that bank deposits and insurance policies are unsafe operated as boomerangs, for the people discovered that deposits and policies are safer than ever.

3. Then were paraded the scarecrows: That the budget can never be balanced, and interest on the national debt is excessive. They were met by the report of Moody, a non-government authority, showing that if 1937 is as good as the year 1936, increasing incomes and decreasing expenses will balance the budget; and that due to lower rates, interest charges are now \$150,000,000 less annually than for 1920-1925. The Kennedy tables indicate that restored values, and increasing national income, from \$6 billion in 1932 to \$60 billion in 1936 make the national debt relatively lower.

The Tory press thereupon announced a purported dispatch from Riga, that the Communists' Internationale in Russia was supporting Roosevelt. The Chicago Times promptly offered \$5000 reward if the report could be verified. The \$5000 has never been claimed, which brands the dispatch as a canard. Further, the American Institute of Public Opinion poll reveals Communism was increasing in this country prior to 1933, but decreasing since then.

5. Next came Herbert Hoover's charges that treasury accounts were juggled. That the records were different when he was president is probable, for there were only regular departmental expenses, and RFC loans to railroads, insurance companies and banks. But the New Deal took care of the unemployed, inaugurated better housing, slum clearance, public construction; saved homes and farms from foreclosure; restored agriculture, revived industry and commerce, and made provision for youths drifting into vagrancy. This made treasury accounting more complex. The president offers no constructive program to displace the New Deal, and his public addresses suggest that he thinks this government may now be conducted the way Jimmie Walker, "the night mayor," ran the city of New York—by wisecracking!

6. Last of all came the scarecrow: That the American people are losing their liberties. That was the theme of Governor Landon's speech at Los Angeles. We

are left to infer that the international bankers and munition makers are the real knights of freedom; that financial and industrial magnates who took the American investing public for "a ride" in 1928 and 1929, are the real friends of liberty. Likewise, that Bryan, LaFollette, Walsh, Norris and other progressives, were enemies of liberty when they warned of the dangers of the material wealth and commercial resources of the nation, and control of the government, becoming concentrated in greedy, unscrupulous, and self-seeking hands.

7. The American people apparently believe, however, that the liberties being lost are the special privileges enjoyed by the predatory interests and by them regarded as vested rights.

8. Perhaps we should be thankful that the reactionary Republicans and Tory Democrats did not revive their beliefs of 1931: That the depression is a nervous condition, curable by change of psychology; and that unemployment is a local problem, remediable by ignoring it.

9. Meanwhile, the parade of the scarecrows, like Time, marches on!

Answer by the Editor of the Register to our political opponent's (Sharpless Walker) article, "Political Scarecrows."

In paragraph one of Mr. Walker's article, he seems to raise the question of whether the budget can be balanced while furnishing relief. The answer is, it can. England is doing it now.

Mr. Walker, in the same paragraph, seems to think that it is impossible to pay higher prices to the agriculturists but lower prices to the housewives—about as feasible as finding pure white black birds. Does Mr. Walker not know, if there are more things that people want and need produced, that the agriculturists can get larger real prices and the worker lower real costs? He does not seem to know that wages come from production and that the return from farmers comes from being able to buy more with their products.

In paragraph 2, Mr. Walker seems to think that bank deposits and life insurance policies are safe. He is simply playing on the word, "safe." They will undoubtedly get the same number of dollars but if they are not able to buy as much with the dollars, it is doing a great harm to the owners of life insurance policies and bank deposits. Every bank depositor and every life insurance holder can now buy from 30 per cent to 35 per cent less with a given amount of bank deposits or life insurance than he could in the beginning of 1933. They can call their safe if they prefer to play on the word, "safe," but the results are just as disastrous to the depositors as if they were only able to get 60 per cent or 70 per cent of the money they put in the bank if the dollar only buys 60 per cent or 70 per cent as much.

In paragraph 3, he contends that the budget can be balanced in '37 if incomes increase and expenses decrease. But the present expenditures of the Federal Government are higher than they were a year ago and the administration claims

we are on the road to prosperity. Why are the expenses higher?

He points out that the interest rates are \$150,000,000 lower than they were in '20 and '25 period. That is true only because of the forced inflation. If the government printed the money, it could eliminate all interest charges, and that is the only reason why interest rates are lower than they were because the government has practically printed money by inflation.

In paragraph 4, he says that some Tory press, but does not mention what newspaper, carried a dispatch from Riga to the effect that the Communists' Internationale in Russia was supporting Roosevelt. The Communists are supporting the Farmer-Labor party in Minnesota and Roosevelt disowned the Democratic party in Minnesota, and endorsed the same party as the Communists endorse. Things equal to the same thing are equal to each other.

In paragraph 5, he belittles the fact that Hoover pointed out we, in reality, are spending \$2,000,000,000 more on regular government expenses than the budget shows. He does not in any way deny that the books do not accurately represent the expenditures. This is certainly a most serious charge and should be answered in another way than claiming that it costs lots of money to supply the extra government services.

In paragraph 6, he says it is a scarecrow to contend the American people are losing their liberty. If not having the right to raise six bushels of potatoes and selling them without the consent of the government or to change for pressing a pair of pants other than what the government specifies, is not losing liberty, we do not know what liberty means. If it is fair to prevent a man from entering the business of raising potatoes, it would certainly be fair to prevent him from raising chickens or doing anything else the individual might want to do. This is far from being special privileges.

We believe that Mr. Walker and Mr. Roosevelt are advocating most reactionary laws instead of progressive laws. We believe it is the worst form of reaction not to be allowed to raise potatoes, press pants, work as long as one desires to work at as low a price as one desires to work at without the consent of the Federal government. We believe anything that interferes with these rights is the worst form of reaction. It is going back to the dark ages. It is not American. It is the tyranny of the state as opposed to the freedom of the individual to develop his character in a way he believes he can best serve humanity. They are certainly more than scarecrows. They are stern conditions facing us and President Roosevelt has never denied that he does not still believe in this form of regimentation passed by the NRA.

## OUR CHILDREN

BY ANGELO PATRI

## HONORING PARENTS

"I read in the papers that a college professor says that it is out of date for children to honor their parents. Now how are parents to expect to get obedience and respect from their children when such things are said by professors, and when children read them out of the papers to their parents?"

There is a lot more of this in the letter that a troubled parent wrote. Obedience without question, respect that is shown in silence in the presence of the father, seems to be the ideal relationship in the family circle here.

Parents who still cling to the notion that they own their children body and soul, that they have but to command to be instantly obeyed no matter what the feelings or the status of the child may be, should realize that that sort of thing is dead and gone forever. Children do not belong to anybody in a property sense. They are free as spirits which indeed they are.

Force and fear never breed respect in the minds or hearts of children. It was possible, and in the past, common, for parents to hold their children in subjection by the power of their will and authority. But it was never possible to gain the love and respect and devotion of their children that way. The children suffered and were silent until they could get free. Then they left, never to return as children to their parents.

What parents want is not authority over the bodies of their children, but influence over their minds, communion with their souls. The big stick will never bring this to pass. Only parental affection and the understanding that this brings to parents will no that. Saying, "Yes sir," and do that. Saying, "Yes sir," and full in the ears of authority, but

they are merely the gestures of helplessness in the face of tyranny for most children.

What respect do parents want? Not this surface thing, not the automatic bowing and backing. They want the overflowing love of their children that is expressed in spontaneous service. Anything else is useless because it cannot serve. Service is born of love or it is no more than the labor of slaves.

The time to teach obedience is in the infancy of children. There we insure it for their safety. But it is not set by force and fear. It is set by the co-operation of parent and child. The first act is the winning of the child's understanding of the parent's god will. He asks the child, direct or commands him to do the thing for the child's dear sake. That feeling is communicated to the child as rapidly as is the fear that is born of its opposite. And that feeling of affection and co-operation, even in times of struggle, holds and yields respect and obedience.

Children who have been experienced in obedience, in the affectionate care of their parents, follow suggestion, take orders, without rebelling because they know the underlying love that prompts them. When they grow beyond the need of parental control the love still holds. There is no question of respect or of honor in relation to their parents. They love them and serve them gladly. And that is what I read into the 26th sor's message.
